

## Red China Set To Fire Second Nuclear Device

WASHINGTON (AP) — U.S. officials believe that the Chinese Communists may soon explode a second nuclear device.

Secretary of State Dean Rusk said Sunday in a television interview on ABC's "Issues and Answers" that a second explosion might be forthcoming.

The first blast, last Friday was predicted by Rusk in a late September statement. His forecast was based on U.S. intelligence information and estimates of the Chinese Communist nuclear capability.

At that time it was generally believed by Washington authorities that the Chinese would probably use up their supply of nuclear explosive material in one shot.

But the test they conducted Friday was described by American nuclear experts as having a low yield. Such a blast would not require an especially large amount of fissionable material — uranium or plutonium. The Chinese are known to have a number of atomic installations.

Officials said that a second detonation would not have any greater military significance than the first. All agree that the Chinese will require 5 to 10 years to accumulate even a modest stockpile of atomic weapons and the bombers or rockets to deliver them.

The immediate significance of China's entry into the nuclear arms race is to be found in the effect on Red Chinese prestige and on the opportunity now created for the Chinese to engage in nuclear diplomacy.

President Johnson referred in his speech to the nation Sunday night to the danger of "nuclear blackmail" and offered assurance to China's neighbors that they will have strong U.S. support if they ever need it in resisting efforts to pressure them into knuckling under to Chinese Communist demands.

U.S. officials say that in terms of building prestige and creating an impression of power which they would hope was frightening to their neighbors, the Red Chinese leaders may well estimate that two or three explosions would be much better than one.

## President Hopes Kremlin Will Join Nuclear Curb

### Pope Prepares To Visit India In December

VATICAN CITY (AP) — Preparations have begun for Pope Paul VI to visit India in early December. It will be the longest journey ever planned by a pontiff.

Terming himself "the apostle on the move," the Pope announced Sunday that he would make the 4,100-mile plane trip to Bombay to attend the International Eucharistic Congress. The major spiritual gathering, held every four years, is scheduled Nov. 28-Dec. 6.

Becomes "Missionary"

Vatican sources said the Pope would probably leave Rome on Dec. 3, the feast day of St. Francis Xavier, and return Dec. 6 after addressing the congress. "Yes, the Pope is becoming a missionary," the pontiff told an approving audience in St. Peter's Basilica. He said the trip "is not foreign to the nature of the requirements of the apostolic ministry" and would "be a sign of love and esteem for all the people of the earth."

Pope Paul VI broke papal precedent last January with his trip to the Holy Land, the first time a pope had been outside Italy in 150 years. His flight to India will be a further dramatization of Roman Catholicism's recent moves toward the non-Christian world.

**First Negro Saints**  
In Bombay, Valerian Cardinal Gracias told a news conference the pontiff also would probably visit New Delhi, the Indian capital 700 miles north of Bombay, to call on President Sarvepalli Radhakrishnan. He indicated the Pope might also go to Goa, the former Portuguese colony 250 miles south of Bombay where St. Francis Xavier is buried.

An Indian government spokesman said news of the visit was like a "burst of divine light amidst the encircling gloom created by the Communist Chinese atom bomb blast."

The Pope made his announcement on Mission Sunday when Catholics offer special prayers for missionary work.

He made the announcement at a special service in which he proclaimed the canonization of 22 martyrs from Uganda who became the first Negro saints in modern times.

PORTRAITS OF TOP Soviet Communist party leaders are shown on a Moscow street for the first time since the overthrow of Nikita Khrushchev, whose picture is missing from the lineup. They were erected as part of the decorations for a homecoming celebration honoring the crew of the Soviet spaceship which recently orbited the earth. The portraits, from left, are: First Secretary Leonid Brezhnev, Premier Alexi Kosygin, President Anastas I. Mikoyan, and ideological expert Mikhail Suslov. (AP Wirephoto)

### Governor Takes Campaign Tour All Over State

BATTLE CREEK (AP)—Gov. George Romney, after extended emphasis on Wayne County campaigning last week, takes his re-election bid to nearly every corner of Michigan this week.

With only 15 days remaining until election day, the incumbent Republican will touch down in such scattered places as Battle Creek, Benton Harbor, Saginaw, Detroit, Traverse City, Escanaba and Alpena in his race against U.S. Rep. Neil Staebler.

The two foes will debate formally for the third time Thursday night at the Detroit Press Club.

**More Plant Tours**  
Today in Battle Creek, Romney planned two more plant tours — a campaign device that has brought him far more encouragement than it did two years ago.

After a Battle Creek Airport rally he planned to visit the Clark Equipment Co. and Union Pump Co. plants. He was scheduled to visit Kalamazoo, Benton Harbor and Berrien Springs later in the day.

The governor will spend Tuesday in the Kent County area, Wednesday in Wayne, Saginaw and Oakland counties, and Thursday in preparation for the debate with Staebler.

After more Wayne County stumping Friday, Romney will go to Traverse City, the jumping off point for his Upper Peninsula sweep on Saturday that includes stops at Menominee, Iron Mountain, Escanaba, Sault Ste. Marie, Pellston, Cheboygan and Alpena.

Romney hoped today's plant visits would produce worker re-

### New Boss Team Makes Bow In Moscow Today

MOSCOW (AP) — The new leader of the Soviet Union, Leonid I. Brezhnev, proclaimed today a policy of peaceful coexistence, disarmament and equality among Communist parties.

Brezhnev made his first personal statement of policy since the removal of Nikita Khrushchev in a speech to a Red Square reception for the three latest Soviet cosmonauts.

Brezhnev made no reference to his takeover last Wednesday of Khrushchev's position as first secretary of the Soviet Communist party. Khrushchev has disappeared since then.

**Thousands Cheer Cosmonauts**  
In a 20-minute address from atop Lenin's Tomb, Brezhnev said "some people express disquiet that the Soviet Union is far ahead of the United States" in space flight. Some estimates say two years ahead, some five years, he added.

"We are pleased that the Soviet Union is ahead, but we do not consider cosmic research as some kind of a race," Brezhnev said. It is part of Soviet creative work in all fields for the benefit of man, he said.

Thousands roared their welcome to the three cosmonauts, the first a week ago to circle the earth in a multistage spacecraft. Brezhnev, Alexei N. Kosygin who took over Khrushchev's job as premier, President Anastas I. Mikoyan and Mikhail Suslov, a member of the party Presidium, were out at the airport to meet the three. The cosmonauts had flown 1,250 miles from space headquarters.

They hugged the trio — Col. Vladimir Komarov, commander of the spacecraft, scientist Konstantin Feoktistov and Dr. Boris Yegorov.

**Lenin Policy Followed**  
After a triumphant ride from

### Weapon Spread Called Menace To All Nations

WASHINGTON (AP) — President Johnson tells congressional leaders today that the United States has made a "good beginning" in relations with the new leaders of the Soviet Union and hopes the Kremlin will join in renewed efforts to block any further spread of nuclear weapons.

Johnson stressed both these points Sunday night in a report to the nation in which he also spoke of the possible use by Red China of "nuclear blackmail" against other countries, now that it has exploded its first test bomb.

He warned, furthermore, that what he calls China's "expensive and demanding effort (to build nuclear weapons) tempts other states to equal folly — nuclear spread is dangerous to all mankind."

**Meeting This Afternoon**

"We continue to believe," Johnson said, "that the struggle against nuclear spread is as much in the Soviet interest as in our own. We will be ready to join with them and all the world — in working to avoid it."

At the same time the President announced in his radio-television address that Washington will continue to support the limited nuclear test-ban treaty which the United States, the Soviet Union, Britain and more than 100 other nations signed last year. France and Communist China did not sign.

"We call on the world — especially Red China — to join the nations which have signed that treaty," Johnson said.

The meeting with congressional leaders, both Democrats and Republicans, was scheduled for the White House early this afternoon. It was set up at the end of last week. Officials said that the President would cover substantially the same ground and the same major points which he made in his television broadcast on last week's sensational developments in the Soviet Union and Red China.

**Two Share Power**

Johnson's reaction to the ouster of Soviet Premier Khrushchev and its significance to the United States, as he sees it, covered both the possibility of dangerous future crises and the hope that the new Kremlin leaders will undertake new measures to strengthen world peace.

Khrushchev was suddenly ousted Thursday and replaced by two men who share the power which he held alone — Communist party leader Leonid I. Brezhnev and Premier Alexei N. Kosygin.

Earlier Sunday Johnson sent greetings to Kosygin and said he hoped "our governments will work constructively in attempting to resolve the urgent international problems facing us in the world."

In his address Sunday night, Johnson had words of praise as well as criticism for the deposed Khrushchev, saying that he was "guilty of dangerous adventure" as in the Berlin and Cuban crises but that "he learned from mistakes and he was not blind to realities."

Of Khrushchev's successors, Johnson said they are younger men who may be "less rooted in their past," and they are said "to be realistic."

"We can hope that they will share with us our great objective; the prevention of nuclear war," he added.

He said the change in the Moscow high command means at least four things for Americans:

**Still Dangerous**

First—the men in the Kremlin "remain dedicated, dangerous Communists" and the United States must maintain "steady vigilance" at a time of trouble in the Communist bloc because U.S. strength "holds the balance firm against danger."

Second — "There will be turmoil in the Communist world." But the President said that the preoccupation of Kremlin chiefs with Communist problems is not all bad "because men who are busy with internal problems may not be tempted to reckless external acts."

Third — The forces working for greater independence in

### Auto Workers Accept AMC Profit Sharing

DETROIT (AP) — American Motors Corp. and the United Auto Workers Union reached agreement today on a new three-year contract covering AMC's 24,000 automotive division employees and continuing profit sharing.

Left hanging, however, was agreement on a new pact that would cover 3,000 in AMC's Kelvinator appliance division at Grand Rapids, Mich.

A continuing walkout there conceivably could cut off the company's automobile building. Doors and fabrics for cars are made there, as well as refrigerators and the like.

Another shut-down threat was on AMC's horizon. Borg-Warner Corp., which supplies transmissions, is in new contract negotiations with old contract extension on a day-to-day basis.

**Only GM Idle**

Both AMC and the UAW predicted Rambler and Ambassador car production would be resumed Tuesday after a four-day strike in support of UAW contract demands on AMC.

This would leave General Motors Corp., the world's No. 1 automaker, the only one shut by strike.

GM and the other two members of the Big Three — Ford and Chrysler — reached national-contract agreement ahead of AMC.

In the new national economic agreement, AMC workers get the higher pensions, earlier retirement and wage gains won earlier in the Big Three pacts — plus a share in profits, if sufficiently high.

In 1961, when the previous three-year contracts were negotiated, AMC and the UAW settled first and came up with the industry's only profit-sharing plan. It was diluted this time, but retained.

**Local Disputes Settled**

General Motors, despite its new national economic agreement, has been shut 25 days now by walkouts supporting demands made in at-the-plant negotiations. Local-level working agreements here, as elsewhere, supplement the national contract.

Agreement thus far has been reached by 78 of GM's 130 UAW bargaining units, and the union is standing on its strike decision of Sept. 25 that there will be no return to work until all 130 or a whopping majority are wrapped up.

Ford has settled 67 of 90 local-level working agreements and Chrysler has completed them all.

Announcement of the new agreement at American Motors came in today's early hours, after almost 40 hours of near-continuous negotiations.

### Union Council Backs Romney

DETROIT (AP) — Some 2,000 members of a Teamsters union council endorsed Democratic President Johnson and Republican Gov. George Romney for re-election Sunday.

James R. Hoffa, president of Teamsters Joint Council 43, had urged the members to support Johnson and Romney.

The Teamsters picked Johnson over Arizona Republican Barry Goldwater and Romney over Democratic Congressman Neil Staebler.

The council is comprised mainly of union stewards from Detroit.

Hoffa's record earlier that the International Teamsters Union, of which he also is president, has neither endorsed Romney nor Johnson. He said neither man had asked his or Teamsters' support.

Hoffa told the council: "I say to you we cannot allow hate to win and cannot support Barry Goldwater in 1964."

An ovation greeted this remark. But Hoffa's urging of support for Romney brought a few boos.

Hoffa said he didn't think supporting Romney for governor would "take votes away from Johnson."

"The workers are intelligent enough now that they don't have to look for the tail of the donkey in order to vote," he said. "They know how to split a ballot."

### Today's Chuckle

Whatever happened to that wonderful type of woman who couldn't stand a man underfoot when she was doing housework?

### Herbert Hoover Critically Ill In New York

NEW YORK (AP) — Former President Herbert C. Hoover passed a comfortable night and his massive internal bleeding has stopped, but the outlook is grave, a medical bulletin said today.

The bulletin said the 90-year-old Hoover was in a "state of unresponsiveness."

Hoover's two sons, Allan and Herbert Jr., were in their father's Waldorf Astoria Towers suite with him.

Dr. Michael J. Lepore, Hoover's personal physician, issued the bulletin at 10:30 a.m. No further report was planned before 4 p.m. (EDT), except in the event of a significant change in condition.

Dr. Lepore's bulletin said: "The gastrointestinal bleeding has been arrested and his blood count has been restored to normal."

"However, the massive loss of blood into his gastrointestinal tract has resulted in the accumulation of toxic products in his bloodstream which have induced a state of unresponsiveness," the bulletin said.

"Efforts have been undertaken to clear his system of these toxic elements, but the outlook is grave," it added.

A press spokesman for Hoover declined to elaborate on the "state of unresponsiveness" mentioned in the bulletin.

Hoover's third attack of internal bleeding within 16 months struck him early Sunday. He was in his Waldorf Towers suite where he has been confined by failing health most of the time for two years.

A late afternoon medical bulletin said Hoover was "comfortable and in no pain." The bulletin, signed by three physicians, said that Hoover remained "critically ill."

### Weather

By The Associated Press

Upper Peninsula — Cloudy and cool with snow flurries or showers affecting about 30 per cent of the area this afternoon and ending tonight. Partly cloudy Tuesday with little temperature change. Low tonight 28 to 33, high Tuesday 44 to 50.

Lower Michigan — Mostly cloudy and cooler with snow flurries affecting about 50 per cent of the north portion and showers mixed with snow affecting about 30 per cent of the south portion this afternoon and tonight. Partly cloudy and cool Tuesday with showers or snow flurries affecting about 40 per cent of the area close to Lake Michigan. Low tonight 28 to 34 north and in the 30s south, high Tuesday 45 to 52.

Highest temperature Sunday, 62, lowest, 49.

Highest temperature one year ago today, 70, lowest, 61.

Highest temperature this date since 1872, 85 in 1953, lowest, 24 in 1875.

The sun sets today at 5:56 p.m. and rises Tuesday at 7:11 a.m.

### Grain Shipping Sets Record

CLEVELAND (AP) — Grain shipment by U.S. vessels on the Great Lakes to Oct. 1 totaled 61,560,729 bushels, a record for the period, the Lake Carriers Association reported today.

But this was only 11.3 per cent of the total grain hauled, most of which is transported in Canadian and foreign ships, the association said. In net tons the U.S. share amounted to 15,410,994.

Coal shipments to Oct. 1 were the highest in 14 years at 37,276,105 net tons, or up about 34 million tons from a year ago, the association reported.

The major bulk cargo, iron ore, has totaled 56,491,874 net tons to Oct. 1 this season, the highest in four years and about 5 million tons more than in the 1963 season to Oct. 1.

For the three principal bulk commodities—grain, coal and iron ore—the net tonnage was 109,178,973 to Oct. 1 this season, compared with 99,151,217 last year and 96,385,777 in 1962.

### Soviet Satellites Spying On U.S.

WASHINGTON (AP) — Defense experts said today they are sure Soviet Cosmos satellites are being used to spy on the United States.

The Soviet Union last Wednesday launched the 48th in a series of Cosmos satellites which the Russians describe as unmanned, scientific spacecraft probing radiation belts and other phenomena.

The Russians have been sending Cosmos satellites aloft since March 1962. Some still are in orbit, following paths that take them over the United States at altitudes ranging from about 120 miles to nearly 300 miles.

**Get Clear Picture**

At such altitudes, sophisticated cameras can get clear and detailed pictures of features on the ground.

U.S. reconnaissance satellites — about which the Air Force and Defense Department are silent — are believed to operate at about 300 miles altitude while passing over Soviet and Red Chinese territory.

Information from these U.S. Samos reconnaissance satellites may have played a part in alerting the United States weeks ago to the imminence of Red China's first atomic test blast, which occurred last Friday.

If so, it would have been a joint effort with U2 planes which Rep. Chet Holifield says have been providing pictures for three years on what is believed to be Red China's atomic energy plant. Holifield, a California Democrat, is vice chairman of the Senate-House Atomic Energy Committee.

**Can Be Shot Down**  
Space Agency officials say the

United States knows little about Cosmos hardware — the rocket that launches it, the satellite itself or its equipment.

With its claimed new antisatellite system, the United States presumably could shoot down the Cosmos satellites if it considered them a serious threat.

Secretary of Defense Robert S. McNamara claimed last month that the American antisatellite systems had scored several successful intercepts of U.S. satellites up to hundreds of miles above the earth.

However, any U.S. moves against the Cosmos satellites would almost certainly at least be answered in kind. The United States probably would be the blinder of the two without its reconnaissance satellites, since much of the Soviet Union and all of Red China are closed to inspection. Russians and others enjoy greater freedom of movement on U.S. soil.

### Walker Named Pirate Manager

PITTSBURGH (AP) — Harry Walker was named field manager of the Pittsburgh Pirates today to succeed Danny Murtaugh, who resigned at the end of the season for health reasons.

The 45-year-old Walker played in the major leagues for the St. Louis Cardinals, Philadelphia Phillies, Chicago Cubs and the Cincinnati Reds.

### Walkout Ended At White Pine

WHITE PINE (AP)—Strikers ended a 48-day walkout and returned to their jobs at the White Pine Copper Co. mine today after accepting new contract terms.

A return to work of the 1,400 members of United Steelworkers Local 5024 began Sunday night after strikers voted 624 to 136 for the new pact.

Resumption of work — the strike had idled a total 1,700 employees — was expected to restore a vital economic balance to this Upper Peninsula area. The mine lost an estimated 17 million pounds of copper production during the strike.

A wage increase of 19 cents an hour spread over three years was included in a settlement package estimated at 36 cents an hour by the company.

Prior to the settlement the average hourly wage was \$2.65. This will increase by 7 cents

immediately, another 6 cents Sept. 1 of next year and by 6 cents again Sept. 1, 1966.

The first pension of the 11-year-old company also is included. The pension, exclusive of federal social security benefits, will pay a retired worker \$2 a month for each year of service. Normal retirement is at 65 years.

William Christian, director of industrial relations, said the terms also include improvements in company-paid medical plans and three weeks vacation after 10 years service. The previous maximum vacation was two weeks after five years service.

White Pine is a subsidiary of the Copper Range Mining Co. of New York.

Negotiations in a United Steelworkers strike at a Copper Range mine in Painesdale are to resume at Houghton Monday.

### Johnson Uses Contact Lenses In Air Address

WASHINGTON (AP) — President Johnson used contact lenses Sunday night when he delivered his television — radio address to the nation.

There was no immediate word on when he was fitted for the lenses that replaced his familiar spectacles, nor on how much use he plans to make of them.

# Death Takes Andrew Joncas

Andrew Joncas, 70, of 513 S. 14th St., died suddenly Sunday at 7 p.m. at his home.

A retired member of the Merchant Marine, he was born in Cheboygan, Mich., May 10, 1894, and had lived in Escanaba many years.

Funeral services will be held Wednesday at 9 a.m. at St. Anne's Church, with Father Stephen Mayrand officiating. Burial will be in Holy Cross Cemetery.

Friends may call at the Alto Funeral Home beginning at 3 p.m. Tuesday and the parish prayers will be recited at 8 p.m.

Mr. Joncas is survived by his wife, the former Lydia Gauthier, two sons, Charles and Clarence, Escanaba, seven daughters, Miss June Joncas and Mrs. Fred (Loretta) Kositzky, Escanaba, Mrs. Merle (Rita) Beauchamp, Munising, Mrs. Ray (Frances) Kinttop and Mrs. Anthony (Lorraine) Lewkowski, Milwaukee, Mrs. Stanley (Irene) Gauski, Munising, and Mrs. Marvin (Rosalia) Desotelle, Wilson, two brothers, Charles and Ed, and two sisters, Mrs. Emily Marsh and Mrs. Bertha Brower, all of Milwaukee.

# Public Parking Seen As Major Need Downtown

Inadequate off-street parking in the downtown area of Escanaba is viewed as "major problem" by the Retail Division of the Escanaba Chamber of Commerce, and the Planning Commission is preparing to make that situation part of an overall approach to urban development in the community.

The Planning Commission and representatives of the Retail Division will meet at the Chamber of Commerce building at 7:30 p.m. Oct. 27 for further discussion of the proposed redevelopment plan.

Dean Abbott, James LeGault, Forrest Henslee and Don Yost of the Retail Division submitted to the Planning Commission a statement noting the inadequacy of off-street parking in the downtown area. Commission Chairman Dale Vinette said professional help is needed to help solve the overall problems of the shopping district and the Oct. 27 meeting was agreed upon.

# Survey Is Made

The Retail Division in its presentation to the Commission reported in part: "Currently there are two municipal parking lots in the downtown area. One in the 1200 block of 1st Ave. N., which accommodates 21 cars, another in the 1000 block of 1st Ave. S., which accommodates 56 cars. We have checked these two lots on 12 working days from Sept. 28, 1964 to Oct. 14, 1964. At the lot on 1st Ave. N., there were no parking spaces available on over half the days checked, and at no time were there more than three spaces available.

"At the lot on 1st Ave. S., there are 56 spaces. During the 12 days checked, there were no spaces available on six of the days. The greatest number of spaces available was seven on one day.

"The First National Bank has a lot for parking at 10th and Ludington Streets. This lot can accommodate 20 cars. No check was made at this lot, but we believe it is reasonable to assume that most of these spaces are used throughout the day.

# At Peak Trade

"The future site of a new State Bank building provides parking for 65 cars. At 10:30 a.m. on Wednesday of last week there were no parking spaces available on this lot.

"The parking problem in downtown Escanaba exists during our peak shopping periods, which are Wednesday morning, Friday afternoon and evening and most of Saturday. We have checked all of the parking lots and parking spaces on the street during these periods and find everything filled. In addition, cars are milling around the block looking for places to park.

"The State Bank of Escanaba tentatively plans to erect a new building next spring. This will mean a loss of 41 parking spaces because the State Bank plans call for only a 24 car parking lot. Further, steps will be taken to control this valuable parking space to accommodate only bank customers on bank business. For

# Shopping Center

"We businessmen and retailers are seriously concerned about this problem because we genuinely believe that unless it is resolved soon, it will jeopardize Escanaba's position as one of the leading shopping centers of the Upper Peninsula. That Escanaba is the Shopping Center for a very large area of the U.P. is demonstrated by the fact that one of our leading retailers reports that 35 per cent of his charge accounts are for people residing outside of Delta County. Another retailer reports that he dispatches a delivery truck weekly to Manistique and beyond.

"According to statistics we have received from the Upper Midwest Research and Development Council, retailing in the U.S. employs 16.3 per cent of the total work force, second only to manufacturing, which employs 26.5 per cent of the work force. In Upper Michigan, 18 per cent of the total work force is employed in manufacturing. We believe that these statistics point up the importance of the retailing industry to the Upper Peninsula and Escanaba in particular. We believe that adequate off-street parking is an important factor to continued growth of this industry.

# Property Values

"Jim LeGault, the manager of Montgomery Ward states that his company is postponing a \$100,000 local renovation program because his superiors do not feel the investment is justified with the present parking problem.

"We probably should point out now that it is not important to have a parking lot adjacent to any particular store or group of stores in the downtown area. The important thing is to have convenient off-street parking available in the downtown shopping district to handle peak traffic periods. We need to treat the downtown area as one unit — a shopping center if you will — like we see in metropolitan areas.

"The establishment of a shopping center outside of Escanaba would be a serious blow to the City of Escanaba and the entire retailing community. Property values will certainly suffer — and speaking of property values — you may not be aware that real and personal property assessments in the 1000, 1100, and 1200 blocks on the north side of Ludington St. is \$1,049,600 and in the same blocks on the south side of the street is \$606,450. Ludington St. property values certainly need to be protected.

# "We believe that this problem should be handled in two parts: 1. The immediate need to expand off-street parking to replace the parking space lost by the erection of a new State Bank building. 2. Long range planning to update and modernize our downtown area."

# Briefly Told

The Bay de Noc Conservation League will meet at the clubhouse at 7:30 tonight.

Cloverland Post 82, American Legion, will meet at 8 p.m. today in the club rooms.

Jacob Bink, Sr., member of the Escanaba City Council, is entering New Grace Hospital in Detroit Tuesday for eye surgery.

# Two deer were killed in separate traffic accidents Sunday.

State Police of the Gladstone post reported a deer jumped into the side of a car driven by Clarence Zeno, 623 S. 12th St., Escanaba, one mile north of Cedar River on Highway M 35 and a car driven by Barbara Ann Wils, Rte. 1, Rapid River, struck a deer on U.S. 41, one tenth of a mile north of the Co. Rd. 1-39 intersection.

JACK O'LANTERN potential is the momentous topic being discussed by Prof. Robert Carolus, MSU horticulturist, and two-and-a-half-year-old Bryan Marks, pumpkin connoisseur and Halloween enthusiast.

# Pumpkin Pie Of Squash?

# Super-Punkins For Halloween

The "Great Pumpkin" is making the scene again. This is not the mythical comic strip character that's supposed to appear every Halloween bearing gifts like a well-rounded Santa Claus.

Instead, it's the one whose name derives itself from the French word "pompion" which means "cooked by the sun." And, like its cartoon counterpart, it carries with it a certain air of mystery and novelty.

"The pumpkin has made quite a place in our history," comments Robert Carolus, a Michigan State University horticulturist who is heading up research aimed at studying different phases of pumpkin growing.

"Thomas Jefferson wrote about them; Ichabod Crane had his experiences with them; and Whitaker Chambers even used them to conceal government papers.

"And," continues Carolus, "the pumpkin sometimes engages in a bit of deception. Take pumpkin pies, for example. Most of them are not really pumpkin at all.

"They're mostly squash which has a higher consistency and often makes better pies. Less than 50 per cent of most pumpkin pie mixes are actually pumpkin."

The MSU horticulture researcher is currently studying the influences of protection, shading, water requirements, temperature and fertilization on pumpkin growth. Results of these studies have produced pumpkins which are higher in food value than most of our forefathers'.

"One of our biggest research problems is lopsided pumpkins. These grow too fast in hot weather and cannot support their own weight. They are not good for jack-o'-lanterns and usually contain too much water for good pumpkin pies.

"Lopsided pumpkins are formed when the outer wall is not thick enough. This can be corrected by cutting down on the amount of nitrogen fertilizer and planting the pumpkins in higher and drier places. This way, the pumpkins will grow slower and have thicker walls, and they will be more symmetrical."

Carolus points out that pumpkins are the same species as some kinds of squash. Our word "squash" comes from the

# Former Wells Resident Dies

Mrs. Richard Thomas, 58, of Garden, former resident of Wells, died Saturday at 10 p.m. in St. Joseph-Lloyd Hospital, Menominee, where she had been a patient seven weeks.

Mrs. Thomas was born, Katherine Peters, Aug. 11, 1906, in Casino and her marriage took place in Detroit June 25, 1939.

She and Mr. Thomas moved from Detroit to Wells in 1962 and operated the Buck Inn there until 1962.

She was a member of St. John's Church, Garden.

She is survived by her husband, two sons, Thomas, with the U. S. Army in Germany, and Michael, Garden, two stepdaughters, Mrs. Harry Gibbons and Mrs. Ray Johns, Detroit, one stepson, James Thomas, Chicago, and two sisters, Mrs. Martin Tholen, Cooks, and Mrs. Florence Lord, Menominee.

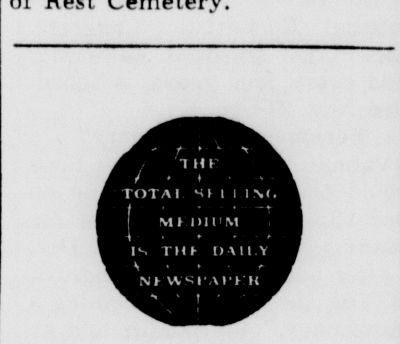

The body was taken to the Kell Funeral Home in Menominee and was removed to the Boyce Funeral Home in Escanaba where friends may call after 2 p.m., today. The rosary vigil will be held there at 8 p.m. Services will be held Tuesday at 10 a.m. at St. Anthony's Church in Wells with Fr. Norbert Freiburger officiating. Burial will be in Gardens of Rest Cemetery.

# FALSE TEETH That Loosen Need Not Embarrass

Many wearers of false teeth have suffered real embarrassment because their plate dropped, slipped or wobbled at just the wrong time. Do not live in fear of this happening to you. Just sprinkle a little FASTEETH, the alkaline (non-acid) powder, on your plates. Hold false teeth more firmly, so they feel more comfortable. Does not sour. Checks "plate odor breath". Get FASTEETH at drug counters everywhere.

# Women Leaders Of Democrats To Visit Thursday

Five prominent Democratic women will spell each other on a two week's tour of four Mid-Western states.

The "Mid West Caravan-on-Wheels" rolled out of Detroit today and will travel through-out the state to the Upper Peninsula, then on to Wisconsin, Minnesota, and end up on Oct. 30 in Illinois.

Anchor-man for the group will be Mrs. Samuel J. Lanahan who will make the entire four state swing. She will be joined on different laps of the trip by Mrs. Eugene C. Carusi, Mrs. Arthur Schlesinger, Jr., Mrs. Franklin D. Roosevelt, Jr., and Mrs. Wistar M. Janney.

Scottie Lanahan and Cecil Carusi flew into Detroit from a campaign appearance in Kentucky to start off the tour with a kickoff coffee hour at the home of Mrs. G. Mennen Williams, wife of the former governor of Michigan who is now assistant secretary of state for African affairs. Joining them at the Williams' home were Marian Schlesinger and Mary Janney.

On Tuesday, the four Caravanners will tour Oakland County with Al Capp, creator of L'il Abner. Wednesday will find them in Saginaw, Midland, Gaylord, Charlevoix and Mackinaw City and Thursday in the Upper Peninsula, with stops planned in Manistique, Escanaba and Marquette. During the time they are in the Upper Peninsula, they will make campaign appearances with Raymond F. Clevenger, candidate for Congress from the 11th District.

The Manistique appearance

of the group will be at a noon luncheon, the Escanaba appearance will be at a tea being arranged by Mrs. Rodger Murray at the Elks Club from 2 to 4:30, and the evening appearance will be at a dinner in Marquette. On Friday a luncheon stop is planned at Ironwood where the Wisconsin tour will start. Mrs. Williams, who will accompany the group north, will leave it at Escanaba.

Mrs. Schlesinger, Jr. is the wife of the historian and is a portraitist and mother of four children. Mrs. Carusi, wife of a Washington lawyer, is an active Washington civic worker. Mrs. Janney, wife of a State Department official, is a history teacher in Washington. Mrs. Lanahan, is the daughter of F. Scott Fitzgerald, the novelist. Wife of a tax lawyer, she has been a working Democrat since voting age, and has written for national publications and the newspapers.

Prof. J. Kenneth Galbraith of Harvard, former U. S. ambassador to India, will join the group in Wisconsin, as will Mrs. William Proxmire, wife of the senator, and Bess Myerson, TV personality. Mrs. Roosevelt will replace Mrs. Schlesinger and Mrs. Carusi on Oct. 25th in St. Paul and Mrs. Eugene McCarthy, wife of the senator, will accompany Mrs. Lanahan, Mrs. Janney and Mrs. Roosevelt for two days in Minnesota.

First Wisconsin stop will be at St. Norbert College, DePere, and Lawrence College, Appleton on Oct. 23.

Nancy Quirk Williams, a native of Ypsilanti, wed G. Mennen Williams in 1937 and they have three children. She has been active in civic work and politics throughout her marriage.

Newspaper want ads are a big sell! Eight hundred million was spent on classified ads last year . . . more than for all television spot announcements or radio advertising.

THE MIDWEST Caravan on Wheels of Democratic women leaders which will visit Manistique and Escanaba on Thursday of this week includes, from left: Mrs. Samuel J. Lanahan, Mrs. Eugene P. Carusi, Mrs. Arthur Schlesinger Jr., and Mrs. Wistar M. Janney. Also with the group but not pictured will be Mrs. G. Mennen Williams.

## Mrs. Poupore Of Nadeau Dies

Mrs. Zuleima Rose Poupore, 93, of Nadeau died at 8:25 p.m. (CST) Saturday at the Pinecrest Medicare Facility in Powers.

She was the former Zuleima Rose Perra and was born Sept. 9, 1871 in St. Sebastian, Quebec, Canada.

She married Peter Poupore in 1894 in Canada.

Mrs. Poupore, who came to Nadeau 62 years ago, was a member of St. Bruno's church of Nadeau, St. Anne's Society and of the Third Order of St. Francis.

Survivors include five daughters, Miss Rosella Poupore, Nadeau; Mrs. Arthur Gunville, Niagara, Wis.; Mrs. Louis Gunville, Escanaba; Mrs. Raymond Dokken, Flint; Mrs. Wilbur Laurin, Flint; three sons, Fred of Kingsford, Antone of Nadeau; and Alphonse of Nadeau; one brother Napoleon Perra of St. Philomen, Canada; 37 grandchildren, and 79 great grandchildren. Friends may call at the Kell-

## C-C Workshop Cancelled Here

Glenn Scott, Lansing, manager of public affairs of the Michigan State Chamber of Commerce, has notified Walter Lewke, manager of the Escanaba Chamber of Commerce, that a workshop scheduled here has been cancelled.

The workshop, which had been scheduled for Oct. 21, will be rescheduled for next year, Lewke was advised.

## Church Events

**First Methodist**  
The Crusade executive committee of First Methodist Church will meet Tuesday, Oct. 20, at 7 p. m., in Fellowship Hall.

Tondin Chapel in Spalding this afternoon at 2 p.m. (CST). Funeral services will be conducted at 10 a.m. (CST) Tuesday from St. Bruno's church in Nadeau with the Rev. Fr. Patrick Frankard officiating. Burial will be in the Nadeau township cemetery. Parish rosary will be recited this evening at 8 p.m. (CST).

# Escanaba Trade Up In September

Business in the Upper Peninsula in September—as it is indicated by bank debits—was 5 pct. larger than a year ago, when a gain of 4 pct. was registered over September, 1962.

The volume of bank debits, which are mostly checks against depositors' accounts and represent payments for goods, services, debts, etc., totaled \$137.3 million in September.

Marquette led with \$21.5 million, a gain of 2 pct. over a year ago and Escanaba was in second position with \$15.9 million, a gain of 11 pct., which was one of the most substantial increases in the Peninsula, topped only by Calumet 14 pct. and Norway's 20 pct. and equaled by Crystal Falls.

Worst showing was in Ishpeming where a loss of 14 pct. was reported.

After Escanaba the volume by cities, in order, was: Sault Ste. Marie, \$15.2 million, gain of 2 pct.; Iron Mountain, \$12.5 million, gain of 8 pct. and Menominee, \$8.3 million, gain of 8 pct.

Gladstone reported \$2,126,000 for a gain of 7 pct. and Manistique \$4,513,000 for a gain of 2 pct.

## Pioneer Dies At Gladstone

Mrs. William (Teckla Fredricka) Sundelius, pioneer resident of Gladstone, who formerly lived at 1224 Wisconsin Ave., died at 2:30 p. m., Saturday at the Sloan Nursing Home, 805 Wisconsin Ave., Gladstone. She was 92.

Mrs. Sundelius was born Sept. 23, 1872, in Westergotland, Sweden, and she came to this country to settle in Gladstone in 1891.

She was a charter member of First Lutheran Church, Gladstone, which is located on land donated by her late husband.

She leaves three daughters, Mrs. Edward (Lillian) Nicholson, Escanaba, Mrs. Lawrence (May) Kanney, Marquette, and Mrs. Roy (Esther) Ives, Chicago, two sons, Elmer and Wayne, Milwaukee, one sister and one brother, in Sweden, 16 grandchildren and 30 great grandchildren. Mr. Sundelius died in 1938.

Friends may call at the Anderson Funeral Home from 4 to 9:30 p. m., today. Complete services will be held Tuesday at 1:30 p. m., at the funeral home chapel. The Rev. Karl J. Hammar, pastor emeritus of Central Methodist Church, will officiate in the absence of Pastor Reuben L. Carlson, of First Lutheran, who is at conference. Burial will be in Lakeview Cemetery.

## Death Claims Frank Nauer

Frank Nauer of 1712 2nd Ave. N., Escanaba, a native of Harris, died at the Veterans Administration Hospital in Ann Arbor on Sunday. He was 44 years old and had been ill for three months.

Mr. Nauer was a veteran of World War II and served with the 4th Armored Division of the Third Army. He was born in Harris.

He was a member of St. Patrick's Church.

Surviving are his mother, Mrs. Gertrude Nauer of Escanaba; four sisters, Mrs. Robert (Margaret) Jenkins Wayne, Mich.; Mrs. S. W. (Agnes) Rogge of Neenah, Wis.; Mrs. Adolph (Anna Mae) Lewis, Wayne, Mich.; Mrs. Carl (Elaine) Sanders of Livonia, Mich.; and one brother, John of Ypsilanti.

The body is at the Allo Funeral Home. Funeral arrangements are incomplete.

YOUNG REPUBLICANS of the Upper Peninsula rallied in the C. L. Phelps School, Ishpeming, Friday night during the appearance of former Vice President Richard M. Nixon and other top Republicans. Pictured at the session, from left; Jeff Jurmu, Escanaba; Elly Peterson, Charlotte, GOP candidate for U.S. senator; Susan Holman, Ishpeming; and Rep. Victor A. Knox, Sault Ste. Marie, 11th District congressman.

## U.P. Changes Coming

The Upper Peninsula watched the process of redistricting of the state Legislature with concern, but it will probably be much more shook when it undergoes the application of the one-man, one-vote rule to its county boards of supervisors.

Realization that the U.S. Supreme Court set up a chain reaction that reaches down into township, city and county government when it ordered that all state legislatures put their representation on an equal population basis has been rather slow in trickling down to local government. But it is becoming generally apparent now and 1965 is the year for change in Michigan.

A group of college professors sued in Kent (Grand Rapids) County Circuit Court to apply the one-man, one-vote principle to the Kent County Board of Supervisors and Judge Fred N. Searl in a historic decision on Sept. 11 ruled that, because the U.S. Supreme Court has ruled that bicameral (two house) legislatures must be apportioned on a population basis in both houses:

1. The county is a legal creature of the state and if the state can't violate the population apportionment rule, neither can the county.

2. The county board, because it exercises local legislative powers granted by the state, must be apportioned according to population under the equal protection clause of the constitution.

Judge Searl kept jurisdiction in the case and told the defendant supervisors that he would wait to see if the 1965 session of the Michigan Legislature provided a remedy.

Dr. Arthur W. Bromage, professor of political science at the University of Michigan, who lectured on this subject in the Upper Peninsula last week, said that the new rule applies not only to county boards, but also to city councils. They must be made up of councilmen elected from wards of equal population, or elected at large.

Many U.P. city councils are elected at large so this requirement will not be as disruptive as the compulsion to elect board of supervisors members at large, or to create representative districts of equal population, or to give supervisors of populous districts (townships or cities) more than one vote.

When the conventional Michigan county board of supervisors was structured in the last century, it was made up of supervisors who represented townships or cities. Now the Supreme Court says they must represent people. And many more people live in cities today, so starting next year they will control the county governments, which have traditionally been controlled by representatives of the rural townships.

Only Michigan, Wisconsin, Illinois and New York have district-elected county boards of supervisors. Of the nation's more than 3,000 counties, over 2,000 are organized with small boards of only 3, 5 or 7 members, elected at large or by big districts. The Michigan system is a small minority.

The change coming next year casts a long shadow that covers more than the death of the present supervisor system.

It raises serious question whether Michigan should continue with a two house legislature when both houses represent population.

It has a strong impact upon the county home rule plan, which is authorized by the new Michigan Constitution and awaiting implementing legislation by the Legislature.

"We should face up here in the Upper Peninsula especially," said Dr. Bromage "to the need for a state-wide law on county home rule. If we just pass a home rule act for metropolitan counties, outstate counties are going to lose the benefits. There will be no mad rush to write home rule charters, but the door would be open to counties that want to change. California has had a county home rule act since 1911 and only 10 of 57 counties have adopted home rule charters."

It is paradoxical that cities which couldn't get more representation for their larger populations in county government by cooperation from rural areas are now having it handed to them by the courts without any effort on their part.

## Board Of Education

The Nov. 3 election ballot lists eight candidates from each party for the new State Board of Education. The board is a very important agency of state government and commands the voters' information on the candidates.

Two are from the U.P., Democrat Carmen Delli-Quadri of the Michigan Tech faculty, a progressive educator; and Miss Ellen Solomonson of Norway, a retired teacher who has been honored by presidency of the Michigan Education Association in 1954.

A standout downstate is Bob Briggs of Jackson, vice president of Consumers Power Co. in charge of financial affairs. He's a former professor at the University of Michigan and a truly distinguished citizen who knows what's good for Michigan and its people. He's a bargain in this contest and the public can support him on a nonpartisan basis to gain the public benefit of his leadership.

Former congressman Alvin Bentley, who has created a foundation that aids Michigan education, and James F. O'Neil, unsuccessful candidate for GOP nomination to the U.S. Senate, have familiar names, but it is fortunate that the big field of candidates won't confront voters after this initiation of the board because the problem of identification is sizeable.

Voters will use party identification to help them with the selection of a State Board of Education, but while this is a helpful practical political solution, it is not an ideal arrangement because the state political party conventions with their necessary horse trading are not an ideal method for seeking out the best people to guide Michigan's public education policies.

## Questions And Answers

Q—What is the origin of the 21-gun salute?

A—One theory maintains that the 21 guns commemorate the year 1776, the year of America's Declaration of Independence. Thus, shots are supposedly sometimes fired in the sequence one, seven, seven, six.

Q—Are atomic bomb explosions likely to have any effect upon our weather?

A—Meteorologists do not think so. They point out that the energy released by 100 bombs would be insignificant compared with the natural forces released in a single storm over the Atlantic seaboard.

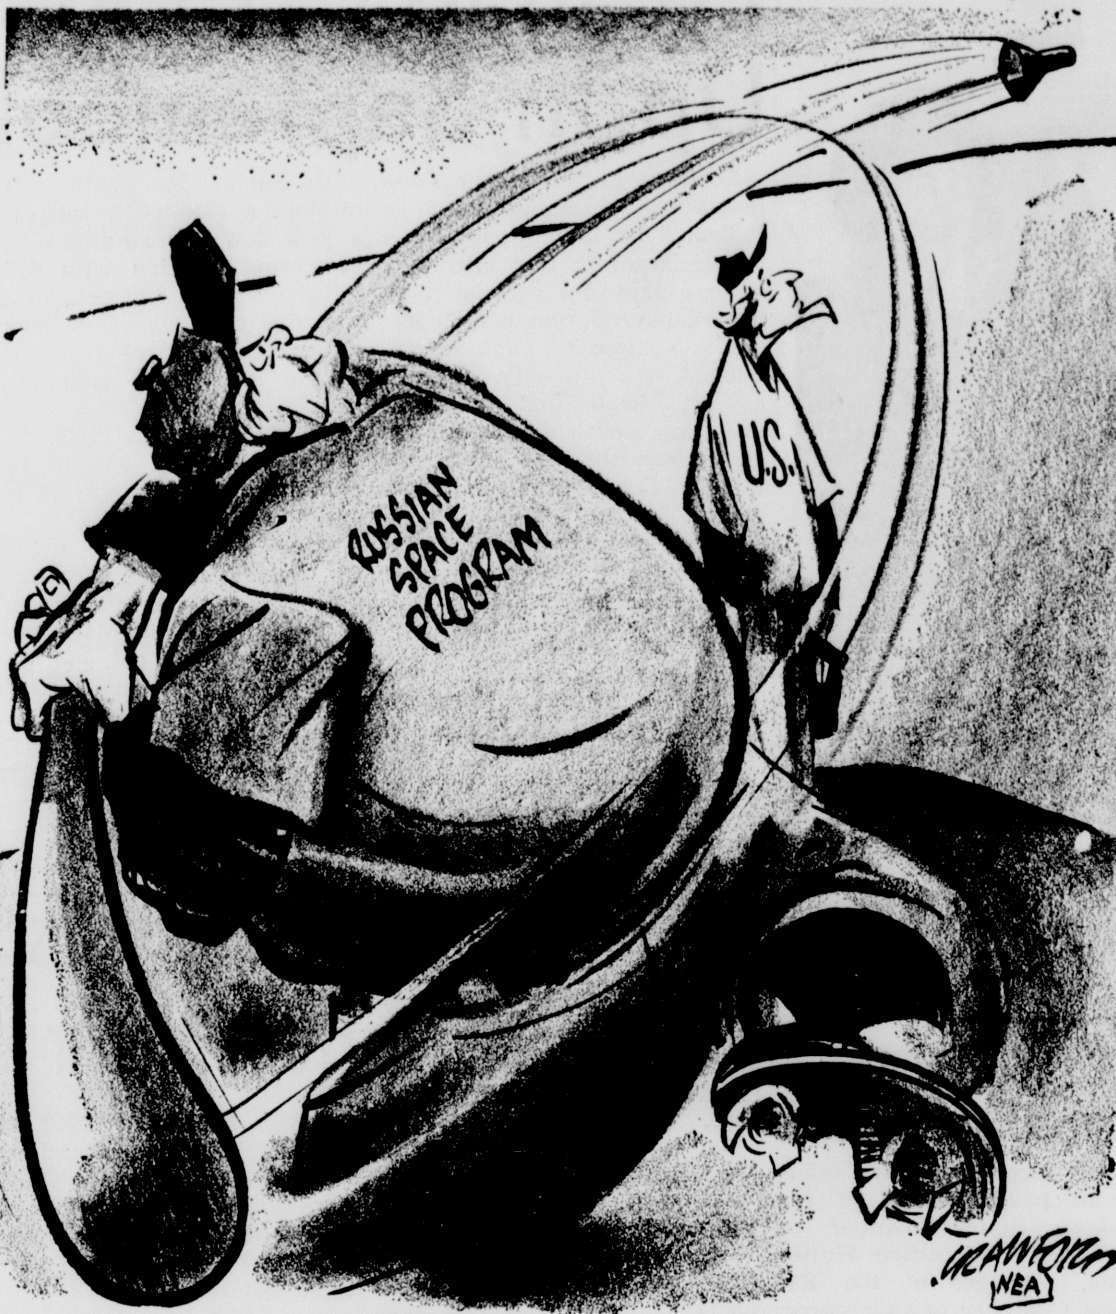

Q—What metal was named for a goblin?

A—Cobalt. The word cobalt comes from the German "kobold," meaning "underground spirit."

Q—Are the secretaries of the Army, Navy and Air Force members of the president's cabinet?

A—No, they are represented by the secretary of defense.

## ---And Just When the Series Was Tied Up

## Washington Comment

By BRUCE BLOSSAT

WASHINGTON — (NEA) — Client editors surveyed by Newspaper Enterprise Association across the nation believe the biggest things President Lyndon B. Johnson has going for him in this election campaign are his legislative record and his personality.

They think the greatest damage is being done to his candidacy by his continuing silence in the celebrated Bobby Baker case and the foggy view the public has of the President's personal financial history.

As for Johnson's rival, Sen. Barry Goldwater of Arizona, editors said that by far the greatest aid to him is his assault upon big government. It must be assumed, of course, that the senator gets some — if not full — benefit from the hurt being done the President by the Baker case and other matters.

The worst wounds being dealt Goldwater, the editors say, are those inflicted by widespread reports of his controversial views on nuclear weapons control and on Social Security.

Curiously, less than two-thirds of the responding editors find Goldwater's personality a political help to him, though he is generally characterized as a warm and engaging man.

Political analysts and poll-takers, conversely, have not found the President winning deep popular affection despite his evident broad support. NEA's client editors did not say, in any enlarging comment, why they feel Johnson's personality is a major plus for him.

There is much additional evidence to support these editors' judgment that Goldwater's much-discussed nuclear views are his most crushing handicap. Obviously, whatever other advantages he has, the President must be a heavy beneficiary on this central issue.

A comment on Goldwater from W. W. Keith of the Winfield, Kan., Courier, offers a conclusion which accords with that reached in many soundings taken this fall:

"People are afraid of his ideas about nuclear weapons and of his continual backtracking to explain what he meant in previous statements."

A Georgia editor, Quimby Melton Jr. of the Griffin Daily News, underscores the point: "One vital factor is that Mr. Johnson has shown that his trigger finger doesn't itch. Mr. Goldwater's seems to be twitching."

Of the 380 editors who responded to NEA's fall election survey, 341 — or just about 90 per cent — thought the Bobby Baker case damaging to the President's position. Nobody thought it helped him. The other 39 said "neither." A total of 238 — 62.6 per cent — also felt Johnson was being hurt by the cloudy indications surrounding his personal finances. Yet almost a third of the responding editors felt this matter neither hurt nor helped him, and 21 editors even said it helped.

The editors concluded Johnson gets assistance not only from his legislative record (296 editors, 77.9 per cent of the respondents) and his personality (291, 76.6 per cent), but from his budget handling (62.4 per cent) and his foreign

policy efforts (54.5 per cent).

In Goldwater's case, exactly the same proportion of responding editors — 319 or 83.9 per cent — think he is helped by attacks on big government as believe he is hurt by his nuclear views.

The senator's almost equally controversial Social Security ideas are rated damaging by the 292 editors — 76.9 per cent of those reporting. His general foreign policy notions also are given a negative mark, with 56.6 per cent of the editors finding them a handicap.

Aside from the big government issue and his personality (58.4 per cent rate it a gain), Goldwater is believed by the editors to get most assistance from the civil rights question. But here only 50 per cent think his stance is an advantage, while 43 per cent believe it hurts him and 7 per cent say neither. Not surprisingly, nearly two-thirds of the editors responding from the Old South think Goldwater's civil rights position a help to him.

## Letter Finds Veteran Who Moved In 1923

SEATTLE (AP)—Jack Flynn said Saturday he'd received a postcard from a World War I buddy, Harry J. Bowen, in Ishpeming, Mich. It was postmarked Sept. 18, 1962 and addressed to Eden Valley, Minn. "You really have to hand it to the postal department," said Flynn. "I left Eden Valley in 1923 and have lived in Washington ever since."

More people get more news from newspapers than from all other sources combined.

## The Doctor Says:

### No Timetable On Adenoids

By Dr. Wayne G. Brandstadt

Adenoid infection respects no timetable. One young mother, for example, complains that her 17-month-old baby has adenoids that are so large the baby is forced to breathe through the mouth.

The adenoids are a part of the ring of lymph nodes in the throat that includes the tonsils. When they function normally, they provide an important service. These nodes serve to protect a person from the spread of infection throughout the rest of the body. But when an overwhelming infection occurs, they may become so enlarged and inflamed that they can no longer function.

The adenoids are located just behind the soft palate, and when they become enlarged it is not unusual for them to obstruct the normal breathing through the nose. When this happens, regardless of the child's age, steps must first be taken to clear up the infection and then the adenoids must be removed.

If the tonsils are also diseased, they are usually removed at the same time. If the operation is postponed, breathing through the mouth may become a habit that is hard to break.

Q—My son is 2 years old. From the time he started eating solid food, he has refused baby foods of all kinds. He drinks his milk, but gets practically no solid food. He is years old.

## The Family Lawyer

A STALE WILL

Unlike wine, wills seldom improve with age, says the American Bar Association. Events that occur after your will is made may turn its wisdom into folly, its plans into pitfalls, its kindness into cruelty. Yet, when you die, the law will usually follow your instructions to a T, heedless of what has happened in the meantime.

In a few special situations—suppose you got married, or got divorced, or had a child, or lost a child—local statutes may make automatic changes in your will. But such changes are cut to a standard pattern, perhaps bringing results you may not have wanted at all. Worse, there are all sorts of possibilities that statutes simply cannot deal with in any orderly fashion.

Of course, you shouldn't re-draft your will every time you have a tiff with Aunt Kate. But reviewing it at regular intervals—perhaps every year or two—is plain common sense.

If your lawyer sees the need for a review, he may send you a reminder to that effect. Still, even though such a reminder is perfectly ethical, many lawyers are leery of anything that might be interpreted as soliciting legal business.

The best way is for you to authorize him in advance, preferably when you first make your will, to send you a regular reminder—just as your dentist does. Very often, no change will be necessary. But if a change is necessary, delay is dangerous. The change that is delayed may never be made at all.

## Memory Lane

By J. R. LOWELL

Ten Years Ago

Mrs. August Larson, who makes her home with her son and daughter-in-law, Mr. and Mrs. Carl Larson, of Escanaba, is enjoying her 88th birthday anniversary today. She has one son surviving, 18 grandchildren and 25 great grandchildren.

The Eskymos, whose football season has had its ups and downs this year, snapped out of its doldrums Saturday and beat Iron Mountain 13-7.

A shoreline road, all the way from DeTour to Munising is the objective of citizens living in the communities that will be touched by it. The group met this week at the Soo and will work to bring about the improvement in the nearest date possible.

Twenty Years Ago

The Escanaba-Wells road through the ore dock defense area was reopened today to unrestricted car and pedestrian traffic.

Nancy Cookson was the top student in scholarship attainment for the first marking period of the year at Manistique High School.

The First Lutheran Church at Gladstone is undergoing extensive repairs and redecoration.

Thirty Years Ago

New V.F.W. officers elected for the ensuing year are: Ray H. Doty, commander; Dr. J. J. Walsh, vice cmdr.; Leslie Farrell, quartermaster; Otto Scheff, officer of the day; Herb Barry, adj.; Oscar Brown, chaplain.

Two Escanabans were named to offices in the recent annual meeting of the U.P. Hair Dressers and Cosmetologists at Marquette. Miss Agnes Chandonette was named on the board of trustees and Miss Rose A. Nadolski was made a member of the legislative and complaint committee.

John N. Jacobs, 88, of Marquette, father of L. J. Jacobs, of Escanaba died today. The elder Mr. Jacobs, a resident of Marquette for 64 years, founded the Redstone and Brownstone quarries at Marquette many years ago.

## So They Say

I think new days have come when a Pope meets a fellow who happens to have the name Martin Luther.

—Rev. Martin Luther King, after audience with Pope Paul VI.

You can't get tough these days the way Goldwater wants to get tough without getting the country into trouble.

—Sen. Joseph S. Clark, D-Pa.

## Ann Landers Roaming Hubby Learns Lesson

Dear Ann Landers: I've been reading your column for a long time and have concluded that husbands seem to be the biggest problem. My formula may not work for one other wife in the whole world, but it worked for me and I'd like to share it.

Ten years ago my husband began to get up at 5:30 a. m. to go to work. He wasn't due at the plant until 7:30 and we lived within walking distance. I couldn't figure it out.

One morning when he left the house at dawn I followed him. He went straight into the home of a woman I knew well. I saw her through the dining room window—wearing a very shabby, soiled bathrobe, hair a mess, the house plain filthy. Glasses, dishes, ashtrays and bottles were strewn all over. Clothes and papers were piled in corners.

That evening when my husband came home for supper I was waiting for him. I had fished out of the rag bag a filthy housecoat—one which had been used as a floor mop. I messed up my hair, swept the kitchen garbage into the living room and scattered papers and junk all over the place.

When my husband saw me and the house he almost collapsed. I greeted him cheerfully with, "Dearest, why didn't you TELL me you like this sort of thing?"

He made no attempt to defend himself. He swore he had learned his lesson and asked me to forgive him.

That was 10 years ago and I've never had a minute's trouble with him since—MORE THAN ONE WAY TO SKIN A CAT

Dear One: Some cats don't need skinning. They just need to be converted from Tom to House cats. Congratulations on effecting the conversion.

Dear Ann Landers: I will be 15 years old in a few weeks. For the past year I have been babysitting in the neighborhood. I have over \$75 in the bank. This babysitting money is what I am going to college on, so please don't tell me to stop.

The people I sit for almost every Friday night are very nice—or I should say the lady and the children are nice. The man got fresh with me last night when he was walking me home. It was not my imagination, Ann. He asked me how I

would like to have a movie-type kiss. I was scared out of my wits and walked as fast as I could to keep ahead of him. I know his wife will call me again soon. I don't want to sit for them any more but what can I say? Please rush your advice.—ALMOST FIFTEEN

Dear Almost: Tell your mother at once. If she wants to discuss this with the man or his wife it's up to her, but you should not be involved.

Obviously you can't sit for these people again. And please don't discuss the incident with your friends. It could be harmful to the mother and her children.

Dear Ann Landers: Should a mother spank a person the second time if the first time she spanks him he laughs?

Thank you, I am from Toronto, Canada. Yours truly,—P. C. C.

Dear P. C. C.: A person who laughs when he gets spanked gives his mother the idea the spanking is not accomplishing anything—that it is a joke. His mother then is inclined to give him a second spanking which she hopes will not be so funny. And usually it isn't.

"The Bride's Guide," ANN LANDERS' booklet, gives authoritative and complete information on how to plan a wedding. To receive your copy of this comprehensive guide, write to Ann Landers, in care of this newspaper, enclosing a long, self-addressed, stamped envelope and 35c in coin.

Ann Landers will be glad to help you with your problems. Send them to her in care of this newspaper enclosing a stamped and self-addressed envelope.

## BARBS

By HAL COCHRAN

When you crash a red light, don't be surprised if that's what it leads to.

When a husband says he's going to a meeting the suspicious wife may wonder, "meeting who?"

Many letters written by women are never delivered because they serve as coat pocket linings for forgetful husbands.

Chorus gals and guys love to hitch their wagon to a star.

"ARE 'JOHNNY-ON-THE-DOORSTEP' WHEN IT COMES TO MAKING A CLAIM!"

# No Security Leak In Jenkins Case, Humphrey Says

WASHINGTON (AP) — Sen. Hubert H. Humphrey says he knows of no security leak in the case of Walter W. Jenkins who resigned last week as a top assistant to President Johnson following disclosure of two arrests on morals charges in five years.

Humphrey made the statement at a news conference Sunday in Tampa, Fla., when asked if the case did not show a weakness in security and whether Jenkins, because of his police record, would not have been open to blackmail.

The Democratic vice presidential nominee said the situation was a great personal and family tragedy for Jenkins, but he knew of no security leak or weakness.

"If there had been, we would have heard about it," he said.

Secretary of the Treasury Douglas Dillon said the Secret Service issued Jenkins a White House pass in 1961 after receiving a one-line report from the FBI showing that on Jan. 16, 1959, the FBI received Jenkins' fingerprints from the District of Columbia police on a charge of "Inv Sup Person" — investigation suspicious person.

"No disposition of the charge was shown, and there was no further indication of the nature

of the charge," Dillon said in a letter to Nicholas deB. Katzenbach, acting attorney general. Dillon said the head of the Secret Service section involved "did not evaluate the FBI criminal report as involving a serious matter" and it was not brought to the attention of higher Secret Service officers, any member of the White House staff, or then Vice President Johnson, for whom Jenkins worked as administrative assistant.

The Secret Service, Dillon noted, already had been informed by the White House that Jenkins held since 1958 a top secret clearance, giving him access to secret information about nuclear weapons and materials.

Dillon has been directed by President Johnson to investigate and report to him why the Secret Service failed to tell the White House about Jenkins' 1959 arrest.

A second arrest earlier this month — also involving an incident in the local YMCA — was disclosed last week.

## Transport Plane Down In Sumatra With 16 Aboard

JAKARTA, Indonesia (AP) — A Soviet-built transport plane with 16 persons aboard, one of six delivered to the Indonesian air force last month, has crashed in southern Sumatra, reliable sources said today.

At least three persons died in the accident Friday in the Palembang area, the sources said. The passengers included a dancing troupe and television performers on their way to entertain troops.

## Science Shrinks Piles New Way Without Surgery Stops Itch—Relieves Pain

New York, N. Y. (Special) — For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids, stop itching, and relieve pain — without surgery. In case after case, while gently relieving pain, actual reduction (shrinkage) took place. Most amazing of all—results were so thorough that sufferers made astonishing statements like "Piles have ceased to be a problem!"

The secret is a new healing substance (Bio-Dyne®)—discovery of a world-famous research institute. This substance is now available in suppository or ointment form under the name Preparation H®. At all drug counters.

**STILL LIFE**—Largest illegal liquor still to be raided in the state in three years was recently destroyed near Nashville, N.C. The still had contained nearly 20,000 gallons of mash and was capable of producing 1,950 gallons of spirits a day. Officers say this represents a daily tax loss to the government of \$19,950.

## Enrollment Is New Record At Suomi College

HANCOCK — More than 300 students are enrolled for the fall semester at Suomi college, Hancock, and enrollment has more than doubled since 1954 when 131 students were enrolled. On campus this year is the largest enrollment in the 68 year history of the college.

Because of the increased enrollment the college has leased the third floor of the Scott Hotel to house the out-state men in attendance. Other students unable to obtain dormitory space on campus have been placed in local residences approved by the college.

Enrollment from the four county area reflects an increase of 15 per cent over last year. Students from these counties number 167. As with the trend of recent years the enrollment from elsewhere in Michigan and out-state areas has increased significantly.

Last year figures revealed that approximately twenty per cent of the enrollment was from out of the four-county area. This year the figure has more than doubled. The figure now is more than 45 per cent of the total enrollment.

Seventeen states and two foreign countries are represented on campus. Next to Michigan, Illinois again has the largest representation with twenty-nine. Wisconsin is next with sixteen, followed by Pennsylvania, New Jersey and Ohio. Travelling the farthest is Virgil Vedamani of Andhra, India and Marjatta Keranen of Helsinki, Finland.

## Are Housewives Brain-Washed?

By VIVIAN BROWN

WESTON, Conn. (AP) — Women have been so brain-washed in the last 10 years the feel guilty if they are only housewives, says Pulitzer Prize-winning poet Phyllis McGinley. "Women are so wonderful, they can do just about anything — combine a career and home, work part-time out of the home or become dedicated housewives," she says, "but what's wrong with being a housewife? Should women be conscience stricken because they want to stay home and have children?"

Miss McGinley's poetry — in private life she is Mrs. Charles Hayden — frequently extols virtues of homemaking, motherhood and the joys — and frustrations — of raising children. Her latest book of verse is called "Sixpence in Her Shoe."

She blames what she says is the current restlessness among housewives directly on college deans and writers who implant doubts about the worthiness of being a housewife and mother.

"Are we going back to the medieval thesis that education unfits a woman to change diapers or make lemon meringue pies? Does appreciation of good poetry or languages cripple a girl's talent for making chocolate brownies?" she asked in an interview.

Miss McGinley regrets that many girls of this generation can't run up a hem or cook a meal, although they have been taught to ski, typewrite, sail a boat and define Einstein.

"Being a housewife is a true profession, 'ancient, honorable and unique'. Compared to it, all other careers are upstarts," she says.

## Kositzky Named Census Leader

Neil F. Kositzky of Escanaba has been named a crew leader for the 1964 Census of Agriculture, one of 1,825 persons throughout the U.S. to receive this appointment.

Kositzky will supervise a team of census enumerators who will visit all farms in Alger, Delta, and Menominee counties to collect official census questionnaires from farm operators. Enumeration of all farms in the county will take place in November and early December.

The census will be taken in the following way: Shortly after Nov. 5, the Bureau of the Census, an agency of the U.S. Department of Commerce, will mail census questionnaires to all rural boxholders. Those required to fill out the forms should do so and hold the questionnaires until a census enumerator comes to collect them. At that time, the enumerator will help answer any questions that may have proved troublesome.

## Show Will Present Contrasting Styles

"East is east and West is west, and ne'er the twain shall meet," wrote Rudyard Kipling — but this Thursday evening's style show, which will be sponsored by the Women of St. Stephen's Episcopal Church at the Sherman Hotel, will present the contrasting current fashions of both.

The show begins at 8 p.m. and the public is invited.

The models include the Mesdames Norman G. Arntzen, Charles Bidee, Eric Froberg, James Hall, Robert Hanson, Yoko Ingebrigtsen, Vernon K. Johnson, James H. Kent, Melvin Putnum, George Rusch, Ron Sedenquist and John Walbridge and the Misses Betsy Baltic, Susan Johns, Kathy Johnson, Becky Putnum and Mary Walbridge.

Modeling the outfits which delight the very young set will be Allison Hurley, Susan Kent, Susan Micensky, David and Michael Piquette, Candy Thompson, Crystal, Cindy and Linda Thibideau.

## Soo Hill PTA Will Meet Thursday Night

The Soo Hill PTA will meet at 7:30 p. m., Thursday, Oct. 22 and parents will have the opportunity to visit the classrooms and to meet the teachers.

Dr. James Dehlin, Gladstone, will discuss medical safety in the home.

Sixty-five parents attended the September PTA meeting and they all became members, according to Mrs. David Anderson, membership chairman. Members are reminded of the stamp project.

Fifth grade mothers will assist with the social hour, with Mrs. David Anderson chairman.

PTA members are asked to attend a meeting of the Active Citizens for Education to be held at 8 tonight at the north end of the commons in the Area High School, where school millage will be discussed.

## Bridge League Opening Play At Elks Club

The Elks Duplicate Bridge League held its opening session Saturday night in the lounge of the Elks Club, with a large crowd in attendance.

Those scoring 50 per cent or over were:

1. Mr. and Mrs. Kibby Treiber; 2. Mr. and Mrs. Al Taylor; 3. C. W. Murdock and J. W. Ferguson; 4. Mr. and Mrs. James Trim; 5. Mrs. C. W. Murdock and Mrs. J. W. Ferguson; 6-7. Cal Douck and Harry Fitzgerald and Mr. and Mrs. Harry Needham; 8. Mr. and Mrs. John Sankovitch; 9. Mr. and Mrs. Richard Wolfe; 10. Mr. and Mrs. Robert Pearson Jr.; 11. Mr. and Mrs. Dave Baumer; 12. Mr. and Mrs. J. R. Emerson.

The next session will be held Sunday at 1 p.m. in the Elks Lounge.

## U. P. Dorcas Federation Meeting Here

Pastor J. M. Hnatyshyn, Michigan Conference of Seventh-Day Adventists, Lansing, was the principal guest speaker at the all-day Dorcas Federation meeting held here at the Upper Peninsula Auditorium yesterday.

Other guest speakers from the Lansing area included Pastor W. M. Buckman, Mrs. Howard Dorgelo and Mrs. Nila Breakie.

Delegates and visitors from all over the Upper Peninsula were in attendance. Reports were given by the delegates of their work of the Dorcas Societies and their Welfare centers in their areas. A potluck dinner was served at noon.

Mrs. Ann LaVerdure of Hurley, Wis., was a first-time visitor to the Conference. Mrs. LaVerdure does much Dorcas and welfare work in the Iron and Gogebic Counties, bringing cheer and roses, chrysanthemums, peonies and many other kinds of flowers from her garden to the sick and the lonely in that area. "I have enjoyed the meeting very much," she told Mrs. Chester Feak, the local Dorcas leader.

## Social-Club Golden Age Club

The Golden Age Club will hold a potluck supper meeting Wednesday at 6:30 p. m., at the Club 314. Members are asked to provide their own table service. New members are welcome.

The mature woman who has learned that beauty is not an age is the one who makes the most of her appearance with expert use of the cosmetics now available to her. The model (upper left) uses a blonde foundation and peach face powder to complement her gray hair. A creamy lipstick in pink with a blue cast (lower left) keeps her lips moist and offy pretty. Aware that fragrance is a woman's most prized accessory, she makes avish use of cologne (right) in a floral and citrus scent that suits her personality.

## Soft Beauty Ageless Quality

By ALICIA HART  
Beauty Editor  
Newspaper Enterprise Assn.

The current generation and cosmetic innovations are bosom buddies. However, the woman of 45 or older still may feel nervous about using certain shades of lipstick or using more make-up. Finding the proper shades of lipstick and eye make-up are important for the mature woman. For she can be her most attractive with proper selection of grooming aids.

Skin care is just as important to her as it is to the teenager. The major difference is that the mature woman needs to use products with stronger oils and lubricants.

There is no magic to being attractive at any age. It takes work. It is easier today for

the mature woman than it was 50 years ago because the attitude toward what is acceptable in a woman's appearance has changed.

A turnabout in taboos affects the use of eye makeup, for example. Now it is considered very important to use it.

The point is not that you use eye make-up but that you use

## Camp Fire Girl Open House Attracts Many

The Camp Fire Girls' Open House, held on Friday, Oct. 16 at the John Lemmer School, was well attended. The girls who had earned their emblems for Clear Lake Camp, the carnival, and for bowling received their awards following the opening of the meeting.

Mrs. Harvey Gasman gave the highlights of visiting Copenhagen and Gloria Stegath and her mother, Mrs. G. R. Stegath, told about their four and a half month visit to Austria.

A bracelet and earring set were given away after first making them right at the meeting. They were made of marbles which had been baked in the oven and then cracked by setting them in ice water. These were put in a spiral setting.

Larry Bradford of the Extension Service led the group in circular dancing which was enjoyed immensely.

it correctly. For the more mature woman with gray or graying hair, light eye shadow and mascara make the eyes wider, the white clearer. But heavy make-up should be avoided.

This is true in the selection of lipstick. Dark lipstick shades accentuate your mouth too much and do not play up the delicate tone of your skin. Since your lips also will be drier, shop for creamy - type lip-sticks.

Blue-gray eye make - up brings out the color in blue eyes which tend to fade as one gets older. Turquoise highlights gray, brown or hazel eyes.

As a finishing touch to your daily grooming, experiment with new perfumes, colognes and dusting powder scents. You will find that there are many that are more pleasing to you now than your standbys on the dressing table for many years.

## Immanuel Women Meet Tuesday

A general meeting of Immanuel Lutheran Church Women will be held Tuesday, Oct. 20, at 2 p.m. at the church. Mrs. Rene W. Labre, president of the Delta County Society for Better Speech and Hearing will speak on "Death in a Hearing World." The Niagara Unit is in charge of the program and Colombia unit members will be hostesses.

# Partridge Top Gamebird But Pheasant Is Rival

By LEE SMITS

The ruffed grouse has been called "king of American game birds" and certainly the honor is deserved. If there is room for two monarchs in the land, we might enthrone the pheasant as "emperor." The title seems fitting for this handsome oriental.

Pheasants of closely-related subspecies were imported into Europe and Britain from Asia centuries ago. If he gets the conditions he likes, the pheasant takes hold and flourishes. If conditions aren't just to his liking, planting is in vain.

Michigan's first release of pheasants was made in 1895 by the Holland Rod and Gun Club, without success. The State Game Farm at Mason was established in 1917, and started making regular releases of pheasants in sizeable numbers. The first open season was in 1925.

Before the season opened, friends of mine who were ardent bird-dog men told of a great abundance of pheasant in Oakland County. A week after the season opened, they sadly announced that the birds had virtually been wiped out. Early in the winter they reported that there were apparently as many pheasants as ever close to Detroit.

Michigan and other pheasant states still have a good supply of birds because pheasants learn fast how to stay out of trouble. I've seen a carload of hunters disembark on a rural highway in the Thumb District. As they assembled their guns and unloaded their dogs a procession of speeding pheasants could be observed, streaking out

of a corner of the cornfield alongside the road. The hunters were too busy to see them, and in a few minutes their dogs were on hot scent. From field to field men and dogs hastened in the wake of the fleeing runners, and if they got any shooting it was because they ran head-on into pheasants being chased in the opposite direction by another band of gunners.

\*\*\* In South Dakota they say, "We're shooting an entirely different pheasant than we had some years back. These birds refuse to fly if they can help it. They run, run, run."

I have seen one, and only one, bird dog that could systematically outwit pheasants. (I hope you have such a dog.) This was a little English setter. She would quarter a field, upwind, and when a pheasant started to run, she would circle cautiously, head him off and likely enough the bird would hold while she stood on point.

I knew an old deer-hunter who came to Detroit from the Upper Peninsula to take a factory job. Presently he developed into a sure-fire pheasant hunter. He carried a single-barreled shotgun, and never wasted a shell on a flying bird. He followed the practice of the wise little setter. He would station himself quarter of a mile or so ahead of a party of hunters at a likely break in a pheasant runway — a weedy fence-row, a ditch, a creek.

He knew how to stand still, which was most important. He told me that when a flushed pheasant heads for a woodlot it won't go very far into the timber. John would take his stand at the edge of a woods that looked like attractive shelter, and would stand still!

How many times, driving a cornfield, I have seen a running pheasant swerve at the sight of a moving pair of legs at the edge of the field, turn back, and get clean away.

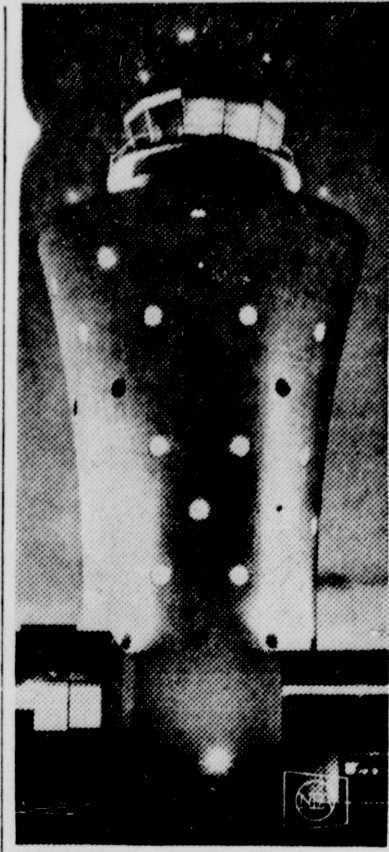

If a pheasant hunter walking through the grass will halt, abruptly, and stand stock still, a sneaking bird will often take alarm and fly up.

\*\*\* Although pheasant range has been extended by stocking pen-

reared birds, it is impossible to produce any permanent increase in pheasant populations by releasing tame birds. One Michigan club planted 4,500 pheasants in two seasons, without a single band recovery a year after a batch was let go!

Pheasants refuse to live in the Southern states. They refuse to take up their abode in timbered country. They want rich, black soil, with nesting and shelter growth close by. South Dakota's pheasants love the soil-bank program — uncultivated fields, grown high with weeds.

South Dakota, in its intensive pheasant advertising, omits mention of the sure way to get plenty of shooting. At the tail end of the season, when the weather gets rough, pheasants resort to shelter belts of scrub timber. On a snowy, blowy, biting day you'll get more shots in an hour, alongside a highway, than you will in miles of hiking early in the season.

**LIGHTING THE SKY**—The new 150-foot-high control tower at New York City's LaGuardia Airport cost \$1.6 million and reportedly is the last word in airport design.

## This Is U. S. 'Thrift Week'

By SAM DAWSON

**AP Business News Analyst**  
NEW YORK (AP) — Never have so many Americans owed so much. That would be an alarming fact, particularly this week which is the 47th observance of National Thrift Week, except for another fact — never have personal savings been so high.

And while debts have been mounting, so have savings. This year may well set a record for the amount that individuals have squirreled away.

Some families seem to specialize in savings, and others in going into debt. But an increasing number apparently do a bit of both.

This has been made possible by the steady rise in personal incomes. And this year there has been the added bonus of the federal income tax cut, showing up in higher take-home pay.

The major savings institutions of the nation have taken in \$50 billion in new savings in the last two years. This inflow of savings is the largest ever recorded in a two-year period.

The latest available statistics show the trend continuing. In September the nation's 507 mutual savings banks reported deposits rose \$480 million to a total of \$47.3 billion. This was a record increase for any September. The August gain had been \$344 million.

U.S. Savings Bond sales of \$358 million were the largest for any September in the last seven years. Despite withdrawals, public holdings of these bonds rose \$81 million to a total of \$48,619,000,000.

The public has many other ways of fattening its financial

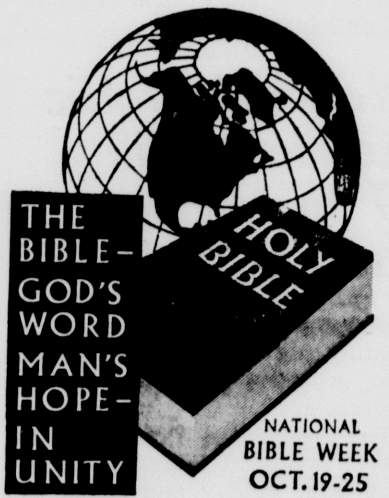

assets. In the April-May-June quarter individuals added \$15.4 billion to their holdings. Increases were reported in all the categories the government statistics include: currency and all types of bank deposits; savings and loan shares; securities of all types; private insurance and pension reserves, and government insurance and pension reserves.

Consumer spending also is rising. It's now running around \$404.5 billion a year. But the government figures individuals are now saving at a \$35.2 billion annual rate.

This has brought personal financial holdings above \$1.25 trillion, and a trillion is a lot of money.

Individual debts have climbed steadily, too. The total of consumer credit, mortgages, stock market credit and the like now is estimated at \$260 billion.

And that is a lot to owe. But the financial assets, assuming they could be cashed in, would cover it with almost a trillion dollars to spare.

## Lawyers Offered Pretrial Course At NMU Oct. 23

Michigan Civil Procedure Before Trial I, the first in a two part course to be offered to lawyers throughout the state this fall and next spring, will visit the Upper Peninsula on Friday and Saturday, Oct. 23-24, at University Center, Northern Michigan University, Marquette.

Consisting of nine hours of instruction by top procedural authorities, the course is presented by the Institute of Continuing Legal Education of the University of Michigan Law School — Wayne State University Law School and the State Bar of Michigan.

The program will open on Friday, Oct. 23, at 2 p.m. with lectures by the Hon. Victor J. Baum, Wayne County Circuit Judge; and by Jerold H. Israel, associate professor of law, the University of Michigan.

The advisory committee for Michigan Civil Procedure Before Trial in the Upper Peninsula includes Nicholas P. Chapekis, prosecuting attorney, Escanaba, and William F. Hood of Herbert, Wood & Hood, and city attorney, Manistique. Charles Folio, assistant director of U-M Extension Service for the U.P., also serves on the advisory committee.

Each registrant for the complete course will receive at no additional charge the new, two-volume practice handbook, Michigan Civil Procedure Before Trial by Judge Horace W. Gilmore.

Lawyers may register through E. Donald Shapiro, director, Institute of Continuing Legal Education, Hutchins Hall, Ann Arbor.

## Hospital

Mrs. Antone Hunt of Milwaukee is a surgical patient in Milwaukee Hospital in Milwaukee. She is the former Rosemary Brazeau of Escanaba. Her grandmother, Mrs. Elmer Stacey is spending a few days with her.

## Briefly Told

A regular meeting of the City Recreation Board will be held Wednesday, Oct. 21, at 7 p. m. in the city hall council chambers. Election of officers will be held.

The Escanaba Daily Press has 95 per cent coverage in the City of Escanaba, 94 per cent in the City of Gladstone, 90 per cent in the City of Manistique and 83 per cent throughout Delta County. The Daily Press is a welcome visitor in 10,400 homes daily in a five-county Central Upper Peninsula area. Smart advertisers use the Escanaba Daily Press.

## Cornell

**Official Board**  
The Rev. Robert Selberg presided at the meeting of the Official Board of Cornell Methodist Church. Officer and committee reports were given and approved. Lunch was served by hostesses, Mrs. Orville Wolfe and Mrs. Oscar Cooper.

More people get more news from newspapers than from all other sources combined.

This is a special tractor used for laying cables underground.

**Watch Michigan grow!**

And watch Michigan Bell help!

How?

By laying hundreds of miles of new telephone cable to enlarge the communications network throughout Michigan. By adding telephone equipment and making improvements to meet the growing needs of Michigan's expanding business and increasing population.

And by putting millions of dollars into Michigan's economy through the construction of new telephone buildings and additions to others. This year Michigan Bell will spend a total of over 106 million dollars for its construction program.

By improving and expanding its telephone service, Michigan Bell is helping Michigan to grow, while growing right along with it.

**Michigan Bell**

## Dave S. Coon, 76, Dies Today

David Spencer Coon, 76, prominently known retired druggist and a leader in Delta County's Historical Society, died suddenly at 7:30 a.m. today at his home, 306 S. 5th St.

Mr. Coon was born in Hancock, June 24, 1888, and operated a drug store there before moving to Escanaba. He was associated with City Drug Store here 23 years. He retired five years ago.

He was a member of St. Stephen's Episcopal Church, Delta County Historical Society and Michigan Pharmaceutical Society.

Surviving are his wife, the former Florence Mason, one son, William, Escanaba, four brothers, Frank and Jay of Hancock, Edward of Syracuse, N.Y., and George, who lives in New Jersey, one sister, Mrs. Andrew Gonnoud, Passaic, N.J.

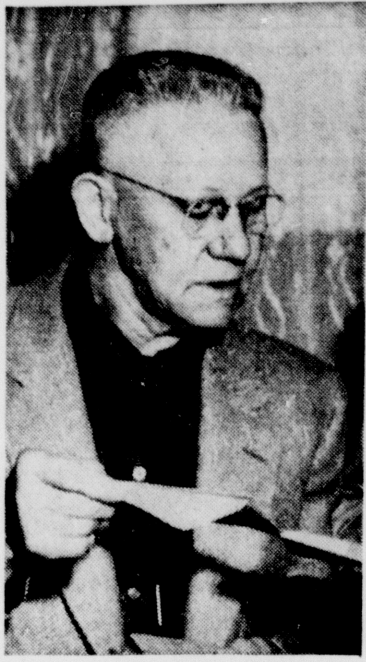

The body was taken to the Anderson Funeral Home. Arrangements for services will be completed Tuesday.

Mr. Coon's association with the Delta County Historical Society included service as one of its directors, secretary to the organization, and director of the Historical Museum until last year. His other interests included book and stamp collecting.

Upon his retirement as secretary and Museum director, he was recognized by the Historical Society and the Escanaba Chamber of Commerce for his service to the Delta County community.

At the regional conference of the Michigan Historical Society in Ontonagon earlier this year a certificate citing Mr. Coon's contributions to the collection and preservation of the state's history was received by the Delta County Historical Society and later presented to him here.

As director of the Historical Museum from the time it was opened by the Society in 1956, he was indefatigable in his devotion to its operation, and only ill health compelled him to relinquish his duties.

David S. Coon

## Former Labor Secretary Dies

NEW YORK (AP) — James P. Mitchell, 63, secretary of labor in the Eisenhower administration, died today in his suite at the Astor Hotel.

He apparently suffered a heart attack. A physician was with him when he died, the hotel said.

Mitchell, big and bluff, but with an air of relaxed charm, had little formal education but a vast background in personnel management when President Dwight D. Eisenhower named him to the Cabinet in 1953.

He had been an expert in labor relations for New York department stores, civilian manpower chief for the armed forces during World War II and assistant secretary of the Army.

Organized labor was lukewarm to his appointment at first. Later AFL-CIO President George Meany was to refer to him as the greatest secretary of labor this country had ever had.

After leaving the Cabinet with the change of administration, Mitchell returned to his native New Jersey and ran unsuccessfully for governor in 1961. His campaign was halted temporarily by a broken leg. But the 6-foot, 200-pound candidate soon resumed stumping with the aid of crutches and later a cane.

The next year he became vice President of the Crown Zellerbach Corp., paper making firm, with offices in San Francisco and residence in Hillsborough, Calif.

He was visiting New York for a business conference when he was stricken. He had registered at the hotel Saturday night.

Mitchell is survived by his widow, the former Isabel Nutt; his mother, Mrs. Peter Mitchell of Elizabeth, N.J.; a daughter, Mrs. Frank Natchez; three sisters, Miss Anne Mitchell; Mrs. Richard Schleck of Essex Fells, N.J., and Mrs. Michael Bockwith of Washington D.C., and three grandchildren.

## Special Education Meet At NMU

MARQUETTE — The Upper Peninsula Conference on Special Education will be held at Northern Michigan University Wednesday and Thursday to demonstrate techniques in the education of children in special education.

Wednesday's program will be keynoteed by Dr. William Emerson, intermediate superintendent, Oakland County Public Schools, on the "Responsibility of School Boards in Promoting Special Education."

Also appearing will be Dr. Leon Hall and Hal Abrams, both of Oakland County, and Dr. Edward Ruman, chairman of NMU's Laboratory Experiences Program. On Thursday Joseph Shipman, Michigan Vocational Rehabilitation Agency, will emphasize "Coordination of Rehabilitation and Special Education." A guest will be Robert Sikkila, NMU senior from Mass and a graduate of the Michigan School for the Blind.

## County Board Passes Budget

A County Improvements Fund, designed to out-manuever the State on an illegal appropriation ruling, was established by the Delta County Board of Supervisors in passing a budget of \$564,523 Saturday.

The Fund, not to exceed \$55,000, will be taken from non-tax revenue of the county and primarily used for support of the County Road Commission.

Direct appropriations for the Road Commission were ruled illegal by state Auditor General Billie Farnum. In the original budget \$40,000 had been allotted for Road Commission use.

**Increases Salaries**  
In the final version, the Board also slashed a \$15,000 appropriation for a fire sprinkler system for Delta Nursing Home and let proposed salary increases for county employees stand as follows:

County Clerk William E. Butler, \$500 from \$6,000 to \$6,500; Treasurer Ann Villeneuve \$500 from \$6,000 to \$6,500; Friend of the Court Michael J. Lalich \$500 from \$4,000 to \$4,500; Prosecuting Attorney N. P. Chapekis \$500 from \$7,250 to \$7,750; Sheriff Clarence A. Johnson \$500 from \$5,500 to \$6,000; Tax Department Supervisor Peter T. Ross \$500 from \$7,150 to \$7,650.

The main portions of the budget went to the Social Welfare Board, where appropriations totaled \$175,000.

The \$73,000 rent on the court house remained constant from last year's budget.

**Chose Library Board**  
In other business, the board chose a five-person County Library Board, appointing Victor Powers, Escanaba, for five years; Mrs. John Norton Jr., Gladstone, four years; Mrs. Waldron Johnson Jr., Rapid River, three years; Mrs. Helen Siegfried, Ensign, two years; and Mrs. Phillip VanElsacker, Ford River, one year.

A decision on final shifts of county personnel in the court house was delayed pending a report by a space allocation committee headed by George Rusch of Escanaba.

The board's morning session was spiced by a group of irate rural residents who protested the move of extension service personnel out of their present quarters in the west wing of the building.

The Board also reapproved a resolution asking the County Road Commission to do snow plowing of private driveways this winter. The Road Commission last week said it was stopping this service in compliance with state laws.

## New Boss Team Makes Bow In Moscow Today

(Continued from Page 1)

along the cosmonauts' route from the airport to Red Square.

**More U.S. Friendship?**

President Anastas Mikoyan was third, followed by Mikhail Suslov, an old Stalinist and party ideological expert. Suslov was the prosecutor of Khrushchev at the secret party meeting Wednesday which voted him into political oblivion.

The others, in order of their appearance, were Nikolai Podgorny, Gennady Moronov, Andrei Kirilenko, Frol Kozlov, Dmitry Polyansky and Nikolai Shvernik.

A list of slogans published Sunday in Moscow suggested to Western observers the possibility of a Soviet approach aimed at persuading Red China to join in a drive to ban all nuclear weapon testing.

The statements also called for developing and strengthening friendship with the people of the United States, Britain and France, the world's non-Communist atomic powers.

The slogans published in Pravda for the Nov. 7 celebration of the Bolshevik revolution, urged an all-encompassing ban on all types of nuclear tests.

## Weapon Spread Called Menace To All Nations

(Continued from Page 1)

Communist-governed Eastern Europe "will continue to have our sympathy," he added: "We will not give up our hope of building new bridges to these people."

Fourth — The course now followed by the United States "must continue to prove that we on our side are ready to get on with the work of peace."

Johnson recalled that on Friday he was officially informed through Ambassador Anatoly Dobrynin that the new Kremlin regime planned no change in basic Soviet foreign policy. He said that in reply he had spoken frankly to the Soviet envoy.

**Peace Is U.S. Goal**

"I told him," Johnson said, "that the quest for peace in America had never been more determined than it is now. I told him we intend to bury no one, and we do not intend to be buried. I reminded the ambassador of the danger we all faced two years ago in Cuba."

"I told him that any Soviet government which is ready to work for peace will find us ready in America. I said to the ambassador that I would be ready to talk to anyone, when it would help the cause of peace."

"I believe this was a good beginning on both sides."

In reporting on the Chinese nuclear explosion, Johnson added some detail not previously made public. He said that the test was conducted at a site near Lop Nor Lake in the Takla Makan Desert of the Chinese central Asian province of Sinkiang. U.S. intelligence had watched the building of the test site here for several years, Johnson said. Presumably, the observations were made by high flying aerial cameras.

Johnson dismissed the Chinese call last week for a great international conference to abolish all nuclear weapons. Red China, he declared, fools no one when it offers to trade away its first small accumulation of nuclear power against the mighty arsenals of those who limit Communist Chinese ambitions.

## Chips And Splinters

Contributions To Chips Welcomed

Joseph Rademacher Jr., reported to the 12th anniversary Charter Night dinner of the Ford River Lions Club that the youth baseball program had been very successful. Eighty-three boys and 45 girls participated in the program, which was assisted by the Ford River Township Recreation Board.

## World's Fair In Hibernation

NEW YORK (AP) — The New York World's Fair has gone into hibernation for six months.

The billion-dollar exposition closed at midnight Sunday after a six-month run.

Fair officials said it was a financial success although it failed to live up to attendance and revenue projections made before its opening last April 22.

Fair records showed a total of 33,373,446 persons visited the fair during the first season—considerably short of the estimated 40 million forecast last March.

A total of 200,076 visitors passed through the turnstiles Sunday for the final public glimpse of the exposition until it reopens April 21.

Although no records were available immediately, Fair officials estimated the exposition would net some \$23 million less over its two-season run instead of the \$53 million originally anticipated.

## Weekend Traffic Accidents Kill 27 In Michigan

By The Associated Press  
At least 27 persons perished in traffic accidents on Michigan highways over the weekend—including six teenagers killed in two separate accidents in the Detroit area.

The Associated Press tabulation of weekend fatalities began at 6 p.m. Friday and ended at midnight Sunday.

Alec Howell, 48, Detroit, died Sunday from injuries suffered when he fell from the top of a truck after his head struck a highway sign two miles south of Mount Clemens.

## North Viet Nam Claims Villages Strafed By U.S.

SAIGON, South Viet Nam (AP) — Communist North Viet Nam charged Sunday night that North Vietnamese villages were bombed and strafed by U.S. fighter aircraft from Laos and South Viet Nam on Friday and Saturday.

Radio Hanoi claimed three U.S. fighter bombers from Laos bombed and strafed Karua village Friday morning. The village is just inside North Vietnamese territory near the South Vietnamese border.

The broadcast said three U.S. aircraft from South Viet Nam strafed Karua and other places in the same area Saturday morning.

## Governor Takes Campaign Tour All Over State

(Continued from Page 1)

action like that he encountered last week.

**Epithets Disappear**  
"Unlike two years ago I'm not getting the harsh epithets and challenges," the governor commented after his friendly receptions at auto factories and union halls.

Romney admitted some of the friendliness may come from respect for the office of governor rather than from endorsement of Romney.

Some expressions of support, he said, have come from workers wearing Johnson buttons.

One estimate is that Romney polled about 20 per cent of factory workers' votes in 1962. The Associated Press checked one string of 28 auto workers after the governor greeted them and found that 12 planned to vote for Romney, eight for Staebler and eight were undecided or unrevealing.

"For me this guy ain't done a bad job at all," said one worker.

"He's done a good job but I'm a Democrat and I'm going to pull one lever (for the straight party ticket)," said another.

"He's done a pretty good job for a Republican — I'll vote for him," said a striking Flint auto worker.

"Hey Romney, why don't you get management to bargain? They're all Republicans," countered another striker.

## Circuit Court Opens Quiet October Term

Circuit Court, handcuffed in some actions by the absence of Municipal Judge James Fitzharris of Escanaba, opened a quiet October term this morning with Judge Bernard H. Davidson presiding.

Fitzharris is in Washington, D.C., on legal business and all his cases were continued to future dates.

The auto negligence suit of Marion Henriksen vs. Mary Ann and Elmer Bonifas was set for jury trial Oct. 28.

There are no major criminal cases listed on the calendar.

## Soviet Airliner Crashes, Burns

BELGRADE, Yugoslavia (AP) — An airliner, carrying a Soviet delegation reported headed by Marshal Sergei S. Biryuzov, crashed and burned today on Avala Hill, 10 miles south of Belgrade.

The Yugoslav news agency Tanjug said there were no survivors.

Biryuzov, 59, rose last year from commander of rocket forces to chief of the Soviet general staff under the administration of Nikita Khrushchev, who was deposed last Wednesday as premier and Soviet Communist party head.

The Soviet delegation was en route to Belgrade for a celebration of the 20th anniversary of the World War II liberation of Belgrade.

The plane took off from Moscow this morning. Because of fog shrouding Belgrade, the plane was ordered to put down at an airport north of the city. But it overshot that airport.

There was no immediate disclosure of the number of persons aboard the plane, but it was a four-engine craft designed to carry 75 to 98 passengers.

## Aircraft Carrier Now Rocket Pad

WASHINGTON (AP) — The U.S.S. Croatan, a World War III escort aircraft carrier, will be the nation's first floating rocket launch pad.

The vessel, staffed with civil service personnel, will be taken on a shakedown cruise this fall to test equipment intended to launch more than 40 scientific packages to altitudes of 170 miles or more during a three-month expedition.

## Briefly Told

The Odd Fellows Smear Club will meet at the IOOF Club-rooms Tuesday at 7:30 p.m.

Escanaba police have issued traffic court summonses to James P. Moyle, 1417 N. 22nd St., speeding and improper passing; and to Edward F. Beauchamp, 927 Sheridan Road, speeding.

The Rotary Club of Escanaba will meet at noon Tuesday at the House of Ludington. The speaker will be Officer Hugh Fisher of the Department of Conservation.

Catholic Information series topics for this week are: Tuesday, "Redemption—God's Pursuit of His Wayward Children"; Thursday, "The Church — God Reaches Out With His Salvation." The meetings are held at St. Anne's Parish Hall from 8 to 9 p. m.

WINNING FLOAT in the Holy Name High School Homecoming Parade was this one titled "While Hornets Sleep." The homecoming game was between the Holy Name Crusaders and the Preble Hornets on Saturday afternoon. (Daily Press Photo)

# Extra Point Gives Esky Grid Victory At Iron Mountain

By RAY CRANDALL  
(Press Sports Editor)

IRON MOUNTAIN — It will go down in the record book for all time as a 7-6 victory for Escanaba over Iron Mountain.

But for the goodly crowd of Eskymo fans here on a sunny afternoon Saturday the game will be remembered as one of tremendous individual efforts by members of Coach Jerry Cventogros' outfit.

Fullback Jim Clairmont stomped through the stubborn Mountaineer defenses for 106 bone jarring yards in 24 carries.

**Hansen Kicks Point**  
Tackle Jim Hansen swished his sturdy right leg into the ball for the successful placement, kicked against a stiff wind, that provided the margin of victory.

Quarterback Mike Gafner, with only three previous completions in a dozen attempts, pitched a 19 yard TD pass to snatch the victory from Iron Mountain with one minute and seven seconds remaining in the game.

Carl Olson, senior end who had sat out last week's game against Sault Ste. Marie with an arm injury, hauled in Gafner's pass in the end zone on a difficult over-the-head reception with a defender slamming him to the ground at the instant he caught the ball.

**Boyce Gets Fumble**  
Center Bill Boyce hopped on a fumble by Mountaineer halfback Jim Lindstrom on the Escanaba 10 yard line to stop an enemy scoring threat in the third quarter.

The big, burly Eskymo defensive line turned in a full day's work containing Lindstrom and his running mates.

It all added up to Escanaba's sixth straight victory since an opening setback to Menominee. The defeat was Iron Mountain's second against five triumphs this season.

The Eskymos had the first scoring opportunity of the game midway in the first period, taking over on the Iron Mountain 11 on a bad snap from center in a punting situation. The Eskymos failed to move it over in four plays and Iron Mountain took over on the 5.

**IM TD Drive**  
From that spot the Mountaineers went 95 yards in 13 plays to score early in the second quarter. Bill Sauter, who completed two key passes in the drive, sneaked over from the 2, but Larry Brown's kick for the extra point was wide.

Two fumbles and an interception stymied the Eskymos in the second and third quarters and the Mountaineers blew a good scoring shot on Lindstrom's fumble early in the third.

The Eskymos took a punt on their own 29 with five minutes remaining in the game and drove 71 yards in 14 plays. Clairmont lugged the leather nine times in the march and put the ball on the Iron Mountain 19 from where Gafner

clicked with Olson on the touchdown toss to make it 6-0. Hansen's placement split the uprisings with 1:07 left on the clock.

**Kingsford Next**  
The Mountaineers tried desperately to get back in the game and Sauter completed a pair of passes to move the ball to the Esky 35. On the final play of the game he fired long to Pete Webb who had the ball but dropped it short of the Esky end zone with a jolting tackle by Mark Miller.

Escanaba piled up 198 yards

## Rookie Golfer Wins Sahara

LAS VEGAS, Nev. (AP) — The autumn professional golf trail winds into Southern California this week, and leading the way is rookie Dick Sikes, winner Sunday of the richest purse of the tour—\$12,000—in the \$70,000 Sahara Invitational.

The next stop is the \$40,000 Mountain View Open at Corona, some 35 miles from Los Angeles, and many of the players can breathe easier. Arnold Palmer and Jack Nicklaus will be in faraway Australia.

Sikes, who registers from Cleveland and is a native of Springdale, Ark., led from the first round in the first wire-to-wire finish since Bobby Nichols won the PGA title last summer.

Sikes, 24, the 1963 national collegiate champion and two-time U.S. public links champion, started with a nine-under-par 62 in the first round and finished with a 72 and a total of 275.

Bill Casper, former national Open champion and winner of three tournaments this year, placed second with a final round of 67 for 276. It was worth \$6,500.

Nicklaus, Phil Rodgers, and Jack McGowan tied for third at 277. U.S. Open champion Ken Venturi finished at 279, Palmer 284, and British Open ruler Tony Lema 285.

**By BERNIE KENNEDY**  
ANN ARBOR (AP) — Two starting Michigan players were hospitalized today because of the rough, tough football game the Wolverines lost to Purdue.

Defensive guard Rick Hahn and linebacker Barry Dehlin—U-M's fourth and fifth starting players to be knocked out probably for entire season—suffered knee injuries in the 21-20 loss Saturday. Both players underwent operations Sunday at University Hospital. Sophomore guard Bob Mielke and sophomore linebacker Frank Nunley are expected to take their places.

Bob Timberlake's exciting performance in gaining 258 yards against Purdue — 10 yards less than the entire Boilermakers team — marked a bright spot in the loss and injury picture. Timberlake's offensive play marked one of the best individual performances by a Wolverines gridders in U-M history.

The stubborn Boilermaker line brought Timberlake down little more than a yard from the goal line in the final quarter as he attempted a run for two extra points that could have won the game.

The tackle could prove to be one of the most important of the season for both teams. It kept Purdue in the lead and they held on to gain a 21-20 victory over the Wolverines.

It was the first loss this year for Michigan which entered the game as the nation's fifth-best team.

Purdue and Michigan are both 3-1 for the season. But Purdue is 2-0 in the Big Ten, while Michigan is 1-1.

Timberlake tied for the two points after scampering 54 yards for Michigan's third touchdown. It was his second of the game.

Coach Bump Elliott said "We had to go for two because we wanted to win this one."

He disagreed with Purdue coach Jack Mollenkopf who thought the Wolverines might have suffered a letdown after beating Michigan State last week.

"I don't feel we had a letdown," Elliott said. "It was just a hard-fought football game."

Timberlake scored on a four-

rushing and 52 passing while the Mountaineers gained 99 rushing and 72 passing as Sauter clicked on 6 of 11 tosses. The Eskymos had 14 first downs to 7 for the Mountaineers.

Following Clairmont in the running department were Dave Boileau with 56, Chuck Brookes 38 and Bob Haack 8 while Gafner lost 10.

The Escanaba defensive game can be measured in the manner in which Linstrom, one of the best backs in the Peninsula, was contained. The 5-11, 185 pound senior halfback carried 17 time for 46 yards.

The Eskymos will return to action in a home stand Saturday against Kingsford, rated the top Class B team in Michigan.

# Holy Name's Homecoming Spoiled By Preble 20-0

By DAVE ANDREWS  
(Press Staff Writer)

The Preble Hornets and sophomore quarterback Dan Donarski had little respect for Holy Name homecoming Saturday, striking once through the air and twice over land for touchdowns in a 20-0 victory at the Escanaba Athletic Field.

The loss — coming after a 46-7 setback at Kingsford — was the second straight for Holy Name after four shutout victories to open the season. It was Preble's fourth triumph in five starts and second without loss over Upper Peninsula opposition.

The Hornets, who host Escanaba on Oct. 31 to close the Eskymos' season, also hold a victory over Menominee.

Without Donarski, who did not start the game for the Hornets because of an ankle injury suffered two weeks ago, however, it could have been a different story for the Green Bay, Wis., school.

Holy Name decisively dominated the first quarter and most of the second, four times advancing into Preble territory before yielding the football.

The deepest penetration — propelled for the most part by a 24-yard "almost" scamper by halfback Tom Meinz — reached the Preble 27-yard line late in the second period.

Stiffening there, Preble quickly thrust 63-yards in the final minutes of the half for a 7-0 advantage at intermission. Donarski marshaling an offense that had been checked by a stout Crusader line without a first down through a period and a half.

Halfback Mike Gleffe picked up 13 yards in three carries for a first down at the Hornets' 40 yard line. Donarski then triggered a 35-yard strike to end Tom VanderKelen to the Crusader 25, and, one play later, hit his other flanker, Jerry Van Roy, for a 26-yard touchdown with 51 seconds to play in the half.

Mike LaFamboyis added the first of his two conversions and it was 7-0.

After an exchange of punts in the third quarter Preble slashed 63-yards to score on a

TOM MEINZ, Holy Name halfback, is on the receiving end of a pass from quarterback Frank Trotter in the homecoming game against Holy Name here Saturday. Meinz was one of the Crusader standouts in a 20-0 setback at the hands of the Wisconsin school. (Daily Press Photo)

ferent story for the Green Bay, Wis., school.

Holy Name decisively dominated the first quarter and most of the second, four times advancing into Preble territory before yielding the football.

The deepest penetration — propelled for the most part by a 24-yard "almost" scamper by halfback Tom Meinz — reached the Preble 27-yard line late in the second period.

Stiffening there, Preble quickly thrust 63-yards in the final minutes of the half for a 7-0 advantage at intermission. Donarski marshaling an offense that had been checked by a stout Crusader line without a first down through a period and a half.

Halfback Mike Gleffe picked up 13 yards in three carries for a first down at the Hornets' 40 yard line. Donarski then triggered a 35-yard strike to end Tom VanderKelen to the Crusader 25, and, one play later, hit his other flanker, Jerry Van Roy, for a 26-yard touchdown with 51 seconds to play in the half.

Mike LaFamboyis added the first of his two conversions and it was 7-0.

After an exchange of punts in the third quarter Preble slashed 63-yards to score on a

## Pembine Tops Broncos For League Title

PEMBINE — The Pembine Panthers clinched the Wolverine Conference football crown here Saturday with a 19-13 triumph over Bark River-Harris, the team that shared the championship with Pembine last year.

Quarterback Al Dunlap tossed three touchdown passes as Pembine built up a 19-0 lead in the third quarter. Dunlap hit Barry Venstra with a 33 yard toss in the first quarter and clicked to Earl Neargarth again before the period ended. Dunlap found Venstra with a 12 yarder in the third period to make it 19-0.

The Broncos staged a determined rally with a touchdown in the third quarter to cap a sustained drive and struck again in the final period, but couldn't overcome the Panther lead.

The Broncos will close their season at Powers on Saturday.

# Buffalo Lone Undeafated Team Left In AFL Ranks

By The Associated Press  
Two plays to make one yard? Ordinarily there would be nothing to it in the high-scoring American Football League. But the Buffalo Bills are no ordinary team and because their defensive unit refused to yield that precious three feet, the Bills boast pro football's only perfect record today.

The Bills, who made Kansas City their sixth straight victim 35-22 Sunday, seemed on their way to a rout after running up an early 28-0 lead behind quarterback Jack Kemp. But reserve quarterback Eddie Wilson sparked a second half comeback as the Chiefs shaved the lead to six points 28-22.

Midway through the fourth quarter, Kansas City had the ball with a third down and one on its own 24. Curtia McClinton

14-play drive. Fullback Terry Ploederl capped the march early in the fourth quarter with a two-yard slant over left tackle.

**Hornets Intercept**

A diving interception of a Frank Trotter pass at the Holy Name 37 — one of three Crusader passes the Hornets picked off — set up the final Preble touchdown.

With Gleffe and Ploederl doing yeoman's service, the Hornets smashed the 37 yards in seen plays, Gleffe giving the final four yards over left guard for the 20-0 margin.

Holy Name, after advancing to the Preble 37, 46, 38 and 27 yard lines the first four times with the ball, failed to make a serious scoring threat in the second half.

# Braves Romp Over Munising Mustangs

GLADSTONE — Coach Don Pfothauer's Gladstone Braves blended a smooth passing attack with a bruising running game here Saturday at whip Munising 34-13 in Great Lakes Conference action.

The steadily improving Gladstone team notched its fourth triumph of the season against two setbacks and a tie. The defeat was Munising's sixth in seven starts.

Pfothauer made extensive use of his Gladstone bench and the reserves responded with a solid performance that produced a fourth quarter touchdown, in addition to some outstanding defensive work.

The Braves scrambled for 190 yards on the ground with no less than nine backs sharing the honors. Halfback Mike Gobert set the pace with 47 yards, followed by rugged Bruce Hardwick with 42, Tom Stade 29, Don Empson 20, Jay Knutsen 18, Brian Martin 17, Steve Erickson 13, Mark Goodman

and Don Pfothauer 2 each. Through the air the Braves completed five of nine tosses for 118 yards with Goodman clicking on four of five.

Gladstone hit paydirt twice on aerial strikes and three times on the ground. Goodman was on the throwing end of both the TD passes.

He opened the scoring with a toss to Rick Ebbesen in the first period. The Gladstone flanker fought off a defender to haul in the floater and dug for the Munising goal line on a play covering 50 yards. Jim Carlson's boot made it 7-0.

Goodman struck again in the second quarter, pitching 10 yards to Gobert in the end zone. Carlson passed to Dick Anderson for the point and the Braves led 14-0.

Shortly before the half Coach Bill Earle's Mustangs came to life with quarterback Dave Ward throwing to Francis DesArmo for a 30 yard touchdown to narrow the gap to 14-6 at the intermission.

Gladstone drove home in the third quarter with Hardwick lugging the leather most of the way and belting over from the 1 yard line. A 15 yard roughing penalty helped the march as Gladstone spread its lead to 20-6.

Early in the fourth quarter

Gobert scored his second touchdown on a 20 yard run and Goodman booted the placement to make it 27-6.

The Mustangs repeated their pass from Ward to DesArmo, the play covering 60 yards to the Gladstone 5, and Everett Martindale plunged over for the TD midway in the final period. Ward ran the point and it was 27-13.

The Gladstone reserves punched over the final touchdown late in the game. Don Empson scooted 20 yards around end, Stade passed to Keith Apelgren for 13 yards and Stade bucked over from the 1. Goodman closed the scoring by running for the extra point.

Hardwick, Bruce Heslip and Bill Potvin were defensive leaders for the Braves who returned to action in a home stand against Gwinn Saturday.

## Tigers Defeat Giants, 27-7

POWERS-SPALDING — The Powers-Spalding Tigers piled up a 20-0 lead early in the fourth quarter and coasted home with a 27-7 Wolverine Conference victory over the Rock Little Giants Saturday.

Coach Tom Lequia's Tigers rushed for 132 yards and hit on 13 of 27 passes for an additional 218 while winning their second start of the season against three setbacks.

The Tigers scored in the early minutes of the game when Herman Kleiman hooked up with Mike Nelson on a 63-yard TD pass, Nelson pulling the ball down in a battle with three Rock defenders. Kleiman ran the point, 7-0.

Kleiman intercepted a Rock pass midway in the quarter and quarterback David Smith bootlegged 19 yards to paydirt. Steve Pipkorn ran the point, 14-0.

Early in the third period Dale Sharkey recovered a Rock fumble and Kleiman romped 24 yards to score, making it 20-0. Rock marched the kickoff back in four plays, capped by Mike Kulack's 28 yard run. He added the point to cut the margin to 20-7.

In the final period halfback Steve Pipkorn passed eight yards to Nelson and Smith ran the point to make the finale 27-7.

Kleiman, Smith and Pipkorn accounted for most of the Powers-Spalding rushing yardage and Smith completed 11 of 24 passes. Nelson was on the receiving end of six passes good for 126 yards. Scott Reidy intercepted two Rock passes and Bill Weissert turned in an outstanding defensive game.

Coach Roman Gill's Little Giants gained 103 yards rushing and completed 10 of 22 passes for 98. Kulack was the outstanding two-way performer for Rock.

# Spartans Slump In 27-20 Loss

EAST LANSING (AP) — A first half surge and a second half slump seems to be the pattern of Michigan State's play in Big Ten football this fall.

First Michigan staged a second half comeback to beat the Spartans 17-10. Then this past weekend, underdog Indiana refused to roll over and play dead although behind 13-0 early in the game.

The Hoosiers also caught on fire in the second half, winning 27-20. This put the Spartans in the Big Ten cellar.

This Saturday the opponent will be Northwestern at East Lansing, a team sure to be hungry and angry after a 28-27 edging by Miami of Ohio.

"This was the finest Indiana team on offense I've ever seen," said MSU Coach Duffy Daugherty.

Michigan State also put on one of its best offensive showings of the season at Bloomington.

Dick Gordon ran for 81 yards. Quarterback Steve Juday played probably the best game of his career, hitting 16 of 20 pass tries for 187 yards. Juday connected for all three touchdowns through the air, two to Tom Krzemienksi and one to Gene Washington.

Both receivers had good afternoons, each catching a half dozen passes.

But the Spartan defense couldn't contain the Indiana attack featuring the clutch pass-

ing of Rich Badar and the bulldozer running of fullback Tom Nowatzke.

Without making an alibi, Daugherty noted that his defense has been riddled by injuries. MSU also was hurt by three fumbles and an interception, all of which helped Indiana control the ball throughout most of the second half.

The Spartans now have a 1-3 victory.

# Hornung Wears Collar In More Ways Than One

By The Associated Press  
Paul Hornung wore the collar — in more ways than one — and it meant another trip to the cleaners Sunday for the Green Bay Packers.

Hornung, bothered by a pinched shoulder nerve, donned a protective collar Sunday for Green Bay's key National Football League game at Baltimore. Then he missed five successive field goal attempts, the last one backfiring into a 24-21 Colt victory that jolted the Packers' 1964 title hopes.

The Packers have dropped three of six starts and trail the Western Division-leading Colts by two games. The three defeats have been by a total of five points — points that Hornung, the NFL's single-season record holder, failed to produce. He missed extra point kicks in one-point losses to the Colts and Minnesota Vikings.

Green Bay held a 21-17 lead Sunday with less than two minutes remaining when the Colts blocked Hornung's fifth FG try. Jerry Logan picked up the loose ball and rambled from the Colt 30 to the Facker 34, from where the home club launched its winning drive.

Lenny Moore capped the advance with a five-yard touchdown sprint in the closing seconds and Baltimore had its fifth straight victory after a season-opening loss to Minnesota.

The Detroit Lions strengthened their hold on second place in the West by blanking the Chicago Bears 10-0. The Los Angeles Rams climbed to third with a 42-14 rout of the San Francisco 49ers. The Lions are 4-1-1, the Rams 3-2-1.

In the Eastern Division, St. Louis and Cleveland pulled out narrow victories and remained tied for the lead at 4-1-1. The Cardinals scored two touchdowns in the final half-minute for a 38-24 decision over Washington. The Browns caught Dallas 20-16 on a 54-yard interception return by Bernie Parrish in the fourth quarter.

Old pros Ollie Matson and Sam Baker led the injury-riddled Philadelphia Eagles past the floundering New York Giants 23-17. Bill Brown scored three touchdowns as Minnesota slugged the Pittsburgh Steelers 30-10.

The Buffalo Bills, only unbeaten pro club, stretched their victory string to six by whipping the Kansas City Chiefs 35-22 and the San Diego Chargers walloped the Denver Broncos 42-14 in Sunday's American Football League action.

Detroit's convincing victory over the Bears proved costly. Starting quarterback Earl Morrall suffered a broken collarbone in a first-quarter pile-up and may be lost for the season. Milt Plum did some fancy relief pitching, including a 10-yard TD strike to Jim Gibbons. Wayne Walker added a 46-yard field goal.

The Lions' rugged defense held the defending champions, now 2-4, to 29 yards rushing and picked off three passes.

Roman Gabriel, returned from the injured list, tossed four first-half touchdown passes for the Rams, who set an NFL record for yardage on interception.

tion returns. The Los Angeles secondary swiped seven 49er passes and netted 314 yards on the runbacks.

Charley Johnson fired a 14-yard payoff pass to Bobby Joe Conrad with 26 seconds to play and Pat Fisher lugged a last-second interception 57 acds for another score as the Cardinals snapped a 24-24 deadlock. Jim Martin's 24-yard field goal had

led from Perkins by reeling off 188 yards.

Matson, a 12-year veteran, scored on a four-yard run in the opening minute and raced 54 yards for another Philadelphia touchdown. Baker, a 10-year pro, kicked three field goals despite a sprained ankle. The defeat virtually killed New York's chances of repeating as Eastern Division champs. The Giants are 1-4-1.

Bill Brown caught two touch-down passes from scrambling Fran Tarkenton and bulled a yard for another score as the Vikings whipped the Steelers.

Carl Eller and Jim Marshall led Minnesota's second-half defensive charge that tossed Pittsburgh passer Ed Brown five times for 45 yards in losses.

## Northern, Tech Post Victories; Albion Unbeaten

By The Associated Press  
Albion remained Michigan's only undefeated college football team today after taking a 35-12 decision from Olivet.

The University of Michigan bowed to Purdue 21-20 in the only other contest involving unbeaten squads Saturday.

Albion retained its lead in the MIAA football race. A Kalamazoo victory and the Olivet loss moved these two teams into an MIAA tie for second.

In other games, homecoming crowds saw Adrian beat Hope 3-0, Michigan Tech shut out Mankato State 20-0, Eastern Michigan defeat Allegheny 28-7, and Northern Michigan clobber St. Norbert 34-6.

Central Michigan and Ferris State lost their homecoming games, Central bowing to Western Illinois 41-7 and Ferris losing 32-0 to Westminster. But Western Michigan spoiled Kent State's homecoming with a 12-9 victory.

In other college action, Michigan State bowed to Indiana 27-20, Kalamazoo beat Alma 34-0, Baldwin-Wallace whipped Hillsdale 39-0, Northwood Institute tamed the University of Akron junior varsity 41-19, visiting University of Detroit lost to Wichita 8-7 and Wayne State bowed to Wisconsin-Milwaukee 33-9.

Wichita nosed out Detroit on Sam Lafaso's 13-yard touchdown pass to Ray Patterson in the last four minutes and Patterson's smash at the line for a two-point conversion.

Wichita got its two-point conversion on a second chance. A

pass went bad on the first attempt but Detroit was caught holding.

Dave Nielson hit Tom Ellinger with three touchdown passes and Gary Sherwood with another as Albion preserved its flawless record.

Halfback Lynn Sommerfeld scored three touchdowns and substitute signal-caller Gary Miller passed for two more as Northwood rolled up its margin of victory.

Hillsdale, in a nonconference game, suffered its worst defeat since 1951 as Baldwin-Wallace quarterback John Terakedis passed for two touchdowns and ran for a third.

Michigan Tech evened its Northern Intercollegiate Conference record at 2-2 as Tom Csmarich returned a punt up the middle for 87 yards and the Huskies scored again on two fourth-quarter drives of 50 and 55 yards.

In another nonconference game, Ferris allowed the Pennsylvania squad its fifth straight victory of the season after fighting to a scoreless first half tie. Ferris (0-4-1) is the only Michigan team without a victory this season.

Kalamazoo attained a second-place deadlock in the MIAA as Egils Lode, Rick Russell, Mike Gohl, Duncan Swenson and Tom Nicolai each scored against the outmatched Alma squad. Alma's loss gave it a 0-3 conference record.

Adrian snapped an eight-game losing streak by parlaying a high Hope pass from center into the decisive 12-yard field goal. Bob Butz kicked it in the fourth quarter. Both teams now have 1-4 over-all records and 1-2 in the MIAA.

Central Michigan dropped to 0-2 in the Interstate Intercollegiate Athletic Conference following its shellacking by Western Illinois. Bruce Wyman ran in the lone CMU score.

Northern Michigan converted three intercepted passes into first-quarter touchdowns and held on to win. Terry Nyquist ran for the first tally and kicked four extra points.

Jim Long scored twice in the second half to preserve Western Michigan's victory over the Ohio team. It was Kent State's third loss to WMU in three years in Mid-American Conference play.

An overflow homecoming crowd at Ypsilanti saw Tom Cava and Peter DiMercurio crash for two touchdowns each against the Allegheny squad. EMU now stands at 2-1 over-all and at 1-1 in the Presidents' Athletic Conference.

## Gordie Paces Wing Victory

DETROIT (AP)—Veteran and recordholder Gordie Howe scored his first goals of the new National Hockey League season and his Detroit Red Wings won their first game Sunday night, a 3-2 victory over the Chicago Black Hawks.

Howe, career goals recordholder of the NHL, whipped in two scores in the first period and the Red Wings went on to square the weekend series with the Hawks. The Hawks won 4-2 in Chicago Saturday night.

The victory was Detroit's first in three starts of the new season.

Howe also set up Parker MacDonald for Detroit's ultimate winning score. He fed MacDonald the puck for Detroit's third goal in the second period.

The first Howe goal was of the classy sort. He took a pass from Alex Delvecchio and fired in a 20-footer over Chicago goalie Denis DeJordy's left shoulder. It was DeJordy's first appearance for the Hawks this season.

Howe's first goal came at 8:42 and his second at 15:11, giving Detroit a 2-0 lead. Doug Robinson scored for Chicago at 19:27 of the first period, shooting from a scramble near the nets.

MacDonald got his goal, a 15-footer after the pass from Howe, while Chicago was short-handed with Doug Mohns sitting out a penalty for hooking Ted Lindsay.

### Fight Results

By The Associated Press  
BERLIN—Karl Mildenberger, 191, West Germany, knocked out Sante Amonti, 196½, Italy, 1. Mildenberger won vacant European heavyweight championship.

MICKEY MOSES, former outstanding Escanaba High School athlete, is a junior quarterback on the Iowa Hawkeye team this fall. Moses, who also plays baseball at Iowa, is 6 feet 1 inch and 195 pounds. He has been handling kickoff and punting duties for Coach Jerry Burns' team this fall.

## Big Ten Grid Leaders Face Rugged Slate

CHICAGO (AP)—Ohio State and Purdue, co-leaders in the Big Ten football chase, face major conference hurdles this week.

Ohio State's second-ranked Buckeyes take on a revived Wisconsin team while Purdue goes up against Iowa, a team which was knocked from the ranks of the undefeated last week by Wisconsin.

Two other conference contests involve four teams suffering from the pangs of defeat. Minnesota will be at Michigan and Northwestern invades Michigan State.

Indiana will play at Miami, Fla., Friday night, Illinois is home to UCLA and Notre Dame entertains Stanford in hopes of extending its streak to five straight triumphs.

Purdue turned in the major upset Saturday when the Boilermakers edged previously undefeated Michigan 21-20 and Wisconsin slugged Iowa 31-21. Illinois bounced back with a 14-0 triumph over Minnesota; Indiana gained its first Big Ten victory at the expense of Michigan State 27-20; Ohio State defeated Southern California 17-0; Miami of Ohio surprised Northwestern 28-27 and Notre Dame blanked UCLA 24-0.

Wisconsin's chances of a victory over rugged Ohio depend upon the Badgers' newly found ground attack. Held to minus yardage by Notre Dame and only 48 rushing against Purdue, coach Milt Bruhn's charges ran up 262 net yards rushing against Iowa, a team not necessarily noted for its defenses.

Even if the Wisconsin attack is for real, it could still be stopped abruptly by the Buckeyes who in addition to their shutout over Southern California also blanked Illinois' defending champions.

The Purdue-Iowa game will feature two of the finest passing batteries in the nation. It'll be Iowa quarterback Gary Snook versus Boilermaker sophomore sensation Bob Griese. Each hurled a pair of touchdown passes Saturday.

Illinois, having regrouped its defenses, will be pulling for both Wisconsin and Iowa while engaging UCLA in non-conference competition. The Illini with their 2-1 record are very much alive in the Big Ten race.

## Sprinters Add To America's Medal Harvest

TOKYO (AP) — Mike Larabee, the elder statesman of the nation's sprinters, and Edith McGuire raced away with two more gold medals Monday and the American equestrian team added a silver as the United States equalled its 1960 harvest of Olympic hardware — 71.

The three medals gave the United States 31 gold, 21 silver and 19 bronze medals with five days of competition left in this 18th Olympiad.

Russia added three gold, three silver and two bronze today to make its total 47. In all, the Russians have 16 gold, 12 silver and bronze with some of its best events, such as gymnastics, still remaining.

Miss McGuire, a 20-year-old Tennessee State co-ed who already owns a silver medal, was just one-tenth of a second off the world record when she won the women's 200-meter dash in 23 seconds flat, an Olympic record.

And Larabee, at 30 an old man for a sprinter, picked the best of all possible spots to win his first major race. The high school teacher from Fillmore, Calif., charged home the winner in the 400-meter dash in a time of 45.1 seconds, about one yard in front of Yale graduate Wendell Motley, who was running for Trinidad.

The victories were the United States' 11th and 12th in track competition. The men have won 10 — one more than they gained in Rome — while the women once again swept the dashes and are favored in the 400-meter relay, yet to come.

The equestrian team, however, provided the medal that matched the '60 total, taking second in the team three-day event.

The track team, however, continued to have surprising ups and downs. Tom O'Hara of Chicago and young Jim Ryan of Wichita, Kan., proved major disappointments when they failed to make the finals of the 1,500-meter run, the metric mile.

Their unhappy results thus left the lean Oregonian, Dyrrol Burleson, the only survivor from a squad that was considered the best the United States has had in four decades at this prestigious distance.

Burleson, from Cottage

Grove, Ore., won his heat in an excellent 3:41.8, but even that was well off the spectacular showing of Peter Snell, the world record-holder at a mile.

The tireless New Zealander methodically clipped off a time of 3:38.8, equal to a 3:55.8 mile. His lap times of 56.5, 1:55.8 and 2:55.8 left no doubt that he was the man to beat.

The United States was assured of breaking its 1960 medal total when flyweight boxer Bob Carmody, Paterson, N.J., out-pouted German Otto Babiasch and moved into the semifinals. Both semifinal losers get bronze medals, but Carmody wasn't impressed.

"I'm not concerned with the bronze medal," he said. "I want the big one. I want the gold."

And, while, the U.S. track team was moving along as well or perhaps better than expected, American athletes also were upholding another tradition. The United States has never won a medal, gold, silver or bronze, in Greco Roman wrestling. And the U.S. had none in the finals this year.

Russia, meanwhile, was expected to grab off a few medals in that sport, and added another when Tamara Press, sister of pentathlon winner Irina Press, won the women's discus throw with an Olympic record 187-10½.

Karin Balzer of Germany equalled the world record of 10.5 in winning the women's 80-meter hurdles.

The United States was blanked in both events.

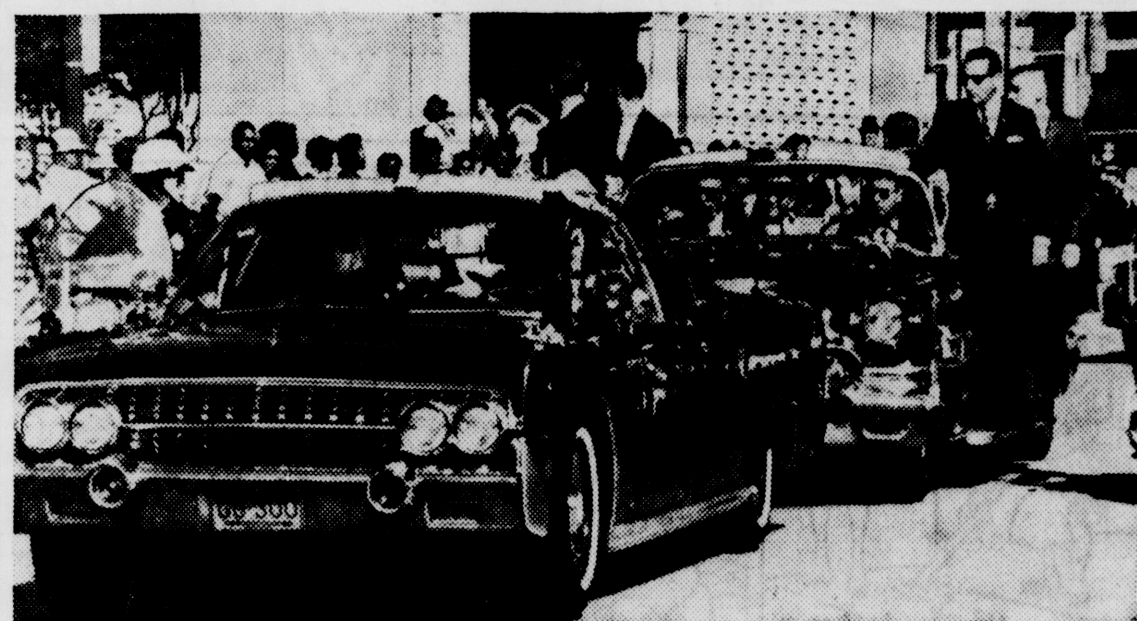

The boxing competition was marked by a sitdown.

Korean flyweight boxer Dong-Kih Choh was disqualified in the first round of his bout with Russia's Stanislaw Sorokin. The Austrian referee disqualified him for holding his head too low after repeated warnings.

Choh didn't like it. He went to his corner and sat down. And there he sat. And sat. And sat. He sat there for 50 minutes and said he wouldn't leave until he got another fight with the Russian.

Korean officials finally persuaded him to leave, but not before he tossed his corner stool, his sweater and his towel around the ring for a while.

GLADSTONE

Funeral Home Driver Stricken

Uhlmar Ray Weir, ambulance driver for Kelley Funeral Home, died early Sunday morning of an apparent heart attack while returning home after making an emergency run to St. Francis Hospital.

Weir, 40, of 924 Minneapolis Ave., was pronounced dead by County Medical Examiner Otto S. Hult, who was called by Gladstone city police.

Weir had returned the ambulance to Kelley garage and was driving his own car when stricken, city police said. The car tore down a portion of the wire fence surrounding the tennis courts at the city park on Minneapolis Ave., police said.

Weir was born May 31, 1924 in Louisiana and has been a resident of Gladstone for five years. He was an employee of Harnischfeger Corp. in Escanaba and the Kelley Funeral Home.

Weir is survived by his wife, Mary, one son, Michael, and a brother, Kenneth of Fond du Lac, Wis.

The body was taken to the Kelley Funeral Home and friends may call beginning Tuesday afternoon after 2 p.m.

Funeral services will be conducted at 2 p.m. Wednesday at the funeral home with the Rev. Dana Austin officiating. Burial will be in Gardens of Rest Cemetery.

Three Injured In Traffic Accident In Good Condition

Three persons hospitalized after a two-car traffic accident at 11:30 p.m. Saturday all were listed in good condition today at St. Francis Hospital.

Vera Marie Kallerson, driver of one car, and her husband, Torval, 508 Michigan Ave., Gladstone, and Leo F. Picard, driver of the second car of K. I. Sawyer Air Force Base, were taken to the hospital by ambulance after a collision on U.S. 2 and 41, one mile north of the Gladstone post said.

The Kallerson vehicle entered the highway from a driveway and was struck by Picard's car, troopers said. The Gladstone Fire Department was called to extinguish a fire which started in Picard's car.

Investigation of the accident is continuing, police said.

Gunshot Kills Mother Of Two

Mrs. Larry Cantin, 28-year-old mother of two, was found dead of a gun-shot wound at 9:00 a.m. Sunday, Gladstone city police reported.

County Medical Examiner Otto S. Hult, who was called by police, said the wound was self-inflicted.

Police said they were called to the Cantin home at 555 N. 8th St., by Larry Cantin, the husband.

Mrs. Cantin was born February 17, 1936, in Escanaba and had lived in Gladstone for the past four years. Her maiden name was Arlene Ruth Woodard. She was a member of All Saints Church. Survivors include her husband, Larry, two sons, Edward and David at home, and her parents, Mr. and Mrs. Harold Woodard of Cornell.

Friends may call beginning Tuesday after 2 p.m. at the Skradski Funeral Home. The rosary will be recited Tuesday at 8 p.m.

Funeral services will be held at 9 a.m. Wednesday from All Saints Church with Fr. Donovan Mulert officiating. Burial will be in the family lot in Fernwood Cemetery, Gladstone.

LEGAL NOTICES

**NOTICE**  
Fairbanks Township, Delta County, Michigan.  
To the residents and property owners of Fairbanks Township, Delta County, Michigan, a notice is hereby given that the Township Board of said Township, at a regular meeting of said Board, held Oct. 12, 1964, adopted the following ordinance as governing said Township, to become effective Nov. 10, 1964.

**FAIRBANKS TOWNSHIP ORDINANCE NO. 1**  
**FAIRBANKS TOWNSHIP LIQUOR CONTROL ORDINANCE**  
ADOPTED: Oct. 12, 1964.  
EFFECTIVE: Nov. 10, 1964.

An Ordinance to secure the public peace, health and safety of the residents and property owners of the Township of Fairbanks, Delta County, Michigan, by regulating the sale, distribution and consumption of alcoholic liquor within said Township, and to provide penalties for the violation of said ordinance, and to repeal all ordinances and parts of ordinances in conflict therewith.

**Section 1. TITLE.**  
This Ordinance shall be known and cited as the Fairbanks Township Liquor Control Ordinance.

**Section 2. LIQUOR CONTROL ACT OF THE STATE OF MICHIGAN.**  
All alcoholic liquor, traffic, including among other things, the manufacture, sale, offer for sale, shipment, transportation, possession and transportation thereof within Fairbanks Township, Delta County, Michigan, shall comply with the provisions of the Michigan Liquor Control Act, being No. 8 of the Michigan Public Acts of 1933, as amended.

**Section 3. ENFORCEMENT.**  
For the purpose of the enforcement of said Michigan Liquor Control Act within said Township, there is hereby established a Liquor Control Enforcement Department with full power, authority, and duty to see that the provisions of said Act and the rules and regulations of the Michigan Liquor Control Commission, adopted pursuant to said act, are enforced within said Township. Such Department shall consist of not less than one Constable or Deputy Sheriff appointed by the Township Board and such other personnel as the Township Board may, in its discretion, appoint. The personnel in such Department shall be entitled to such compensation as the Township Board may determine. Such Department or a member thereof shall be available at all times to investigate complaints received under this Ordinance, and enforce the provisions hereof.

**Section 4. INSPECTION.**  
The Township Liquor Control Enforcement Department shall inspect, at least once monthly, all liquor establishments licensed under the Liquor Control Act of the State of Michigan and report the results of such inspection to the Township Board. The Township Liquor Control Enforcement Department shall further promptly investigate all complaints and reports received by it concerning violations of the Michigan Liquor Control Act, or improper operations and practices concerning liquor within the Township, and report the same to the Township Board and, where appropriate under the Michigan Liquor Control Act, to the Michigan Liquor Control Commission for appropriate proceedings against the violator.

All inspectors shall carry appropriate cards issued by the Township Clerk, clearly identifying them as Township Liquor Control inspectors, and shall carry identification cards to the owner or manager of every place inspected by them when making an inspection, upon demand for identification by such owner or manager.

Inspectors shall have the right to inspect any place in the Township where alcoholic liquor is manufactured, sold, offered for sale, possessed or transported, or where the Inspector suspects that the same is being thus manufactured, sold, offered for sale, possessed or transported. Whenever possible, all inspection reports shall be made on Liquor Law Enforcement inspection forms furnished by the Michigan Liquor Control Commission or on similar forms obtained by the Township Liquor Control Enforcement Department.

**Section 5. APPROPRIATION.**  
For the purpose of carrying out the provisions of this Ordinance and establishing the Liquor Control Enforcement Department herein provided for, the Township Board hereby appropriates the sum of \$500 for such use, and is hereby authorized and directed to annually appropriate such amount as will, in its discretion, be sufficient to maintain and operate such Liquor Control Enforcement Department for the ensuing fiscal year of the Township, not exceeding, however, 10 mills of the assessed valuation of the Township in any one year for the maintenance and operation of the Department.

**Section 6. Penalties.**  
Any person, other than persons required to be licensed under the Michigan Liquor Control Act, who shall violate any of the provisions of this Ordinance shall be guilty of a misdemeanor.

Any licensee who shall violate any of the provisions of the Michigan Liquor Control Act, who shall violate any of the provisions of this Ordinance, or who shall violate any of the provisions of this Ordinance, and who shall violate any of the provisions of this Ordinance, shall be guilty of a misdemeanor.

Any person, other than persons required to be licensed under the Michigan Liquor Control Act, who shall violate any of the provisions of this Ordinance shall be guilty of a misdemeanor.

Any licensee who shall violate any of the provisions of the Michigan Liquor Control Act, who shall violate any of the provisions of this Ordinance, or who shall violate any of the provisions of this Ordinance, shall be guilty of a misdemeanor.

Any person, other than persons required to be licensed under the Michigan Liquor Control Act, who shall violate any of the provisions of this Ordinance shall be guilty of a misdemeanor.

Any licensee who shall violate any of the provisions of the Michigan Liquor Control Act, who shall violate any of the provisions of this Ordinance, or who shall violate any of the provisions of this Ordinance, shall be guilty of a misdemeanor.

Any person, other than persons required to be licensed under the Michigan Liquor Control Act, who shall violate any of the provisions of this Ordinance shall be guilty of a misdemeanor.

Any licensee who shall violate any of the provisions of the Michigan Liquor Control Act, who shall violate any of the provisions of this Ordinance, or who shall violate any of the provisions of this Ordinance, shall be guilty of a misdemeanor.

Any person, other than persons required to be licensed under the Michigan Liquor Control Act, who shall violate any of the provisions of this Ordinance shall be guilty of a misdemeanor.

Any licensee who shall violate any of the provisions of the Michigan Liquor Control Act, who shall violate any of the provisions of this Ordinance, or who shall violate any of the provisions of this Ordinance, shall be guilty of a misdemeanor.

Any person, other than persons required to be licensed under the Michigan Liquor Control Act, who shall violate any of the provisions of this Ordinance shall be guilty of a misdemeanor.

Any licensee who shall violate any of the provisions of the Michigan Liquor Control Act, who shall violate any of the provisions of this Ordinance, or who shall violate any of the provisions of this Ordinance, shall be guilty of a misdemeanor.

Any person, other than persons required to be licensed under the Michigan Liquor Control Act, who shall violate any of the provisions of this Ordinance shall be guilty of a misdemeanor.

Any licensee who shall violate any of the provisions of the Michigan Liquor Control Act, who shall violate any of the provisions of this Ordinance, or who shall violate any of the provisions of this Ordinance, shall be guilty of a misdemeanor.

Any person, other than persons required to be licensed under the Michigan Liquor Control Act, who shall violate any of the provisions of this Ordinance shall be guilty of a misdemeanor.

Any licensee who shall violate any of the provisions of the Michigan Liquor Control Act, who shall violate any of the provisions of this Ordinance, or who shall violate any of the provisions of this Ordinance, shall be guilty of a misdemeanor.

Any person, other than persons required to be licensed under the Michigan Liquor Control Act, who shall violate any of the provisions of this Ordinance shall be guilty of a misdemeanor.

Any licensee who shall violate any of the provisions of the Michigan Liquor Control Act, who shall violate any of the provisions of this Ordinance, or who shall violate any of the provisions of this Ordinance, shall be guilty of a misdemeanor.

Any person, other than persons required to be licensed under the Michigan Liquor Control Act, who shall violate any of the provisions of this Ordinance shall be guilty of a misdemeanor.

Any licensee who shall violate any of the provisions of the Michigan Liquor Control Act, who shall violate any of the provisions of this Ordinance, or who shall violate any of the provisions of this Ordinance, shall be guilty of a misdemeanor.

Any person, other than persons required to be licensed under the Michigan Liquor Control Act, who shall violate any of the provisions of this Ordinance shall be guilty of a misdemeanor.

Any licensee who shall violate any of the provisions of the Michigan Liquor Control Act, who shall violate any of the provisions of this Ordinance, or who shall violate any of the provisions of this Ordinance, shall be guilty of a misdemeanor.

Any person, other than persons required to be licensed under the Michigan Liquor Control Act, who shall violate any of the provisions of this Ordinance shall be guilty of a misdemeanor.

**Buyers Beware In House Deals**  
AP Newsfeatures  
Let the buyer beware - even of his friends. That's the advice of one couple who have just moved into a house that has become an eye opener to them.

The fact that a house is an imposing structure doesn't mean it is in perfect shape. A smaller, less important looking house often is a better buy because one is more likely to examine it carefully instead of being overwhelmed by its grandeur. One can't assume anything when buying a house large or small. The same type of buyer's inspection should apply to any house as this letter confirms:

"We have moved into a dreamy-looking house with perfectly beautiful grounds and a lovely pond. Ten rooms, staffed with servants and owned by fastidious friends, we sprung for the sale when they had to move away.

"But now it looks as if we were taken. If we'd patiently looked at the house, we might have dickered over the price, and reduced it enough to pay for improvements that are necessary. It develops that the house was on the market for several years, that other buyers were more eagle-eyed than we, observing the disrepair. Here's what a couple of stargazin' house hunters didn't see:

"Ceilings are in such bad shape that we must have been in a complete daze not to have looked up at least in one room.

"Point is blistered on all wainscoting in radiator areas.

"Bathroom floors under linoleum are warped and uneven.

"Plumbing throughout the house is bad.

"The kitchen is miserably small, and though we noticed that before buying, thought it would be a simple matter to tear down wall between it and pantry to enlarge it. We now discover there are a mess of pipes in the area.

"Floors must be scraped as we have area rugs and previous owners used wall-to-wall carpet that covered much discoloring.

"Doors on either side of the fireplace leading to a terrace make it impossible to decorate around the fireplace.

"And to top everything our Chippendale furniture doesn't fit in the tiny oval-shape dining room.

"We used all our available funds to purchase the house, hoping to do the few minor (we thought) improvements as we went along. Now we are stuck with a lovely house but we can't afford to shine it up, so I'm offering our experience to anyone buying a house: Inspect it thoroughly even if it belongs to a member of your family or you'll wind up in a financial pickle."

**DO PATTERNS MATCH?**  
A glance at plaid or other patterned fabric will tell you about the grade of workmanship in any garment. Meticulously matched patterns are the result of careful planning before the garment was cut and indicate that you are getting your money's worth from your purchase.

## Wisconsin Deer Rated Healthy

MADISON — Research specialists at the University of Wisconsin today reassured sportsmen that the Badger deer herd is in excellent health, and right now carries no diseases that threaten sportsmen more or less than in the past.

The statement was issued by Assistant Professors Wayne Thompson and Dan Trainer following a recent newspaper story which inadvertently suggested that the herd might be infected with encephalitis.

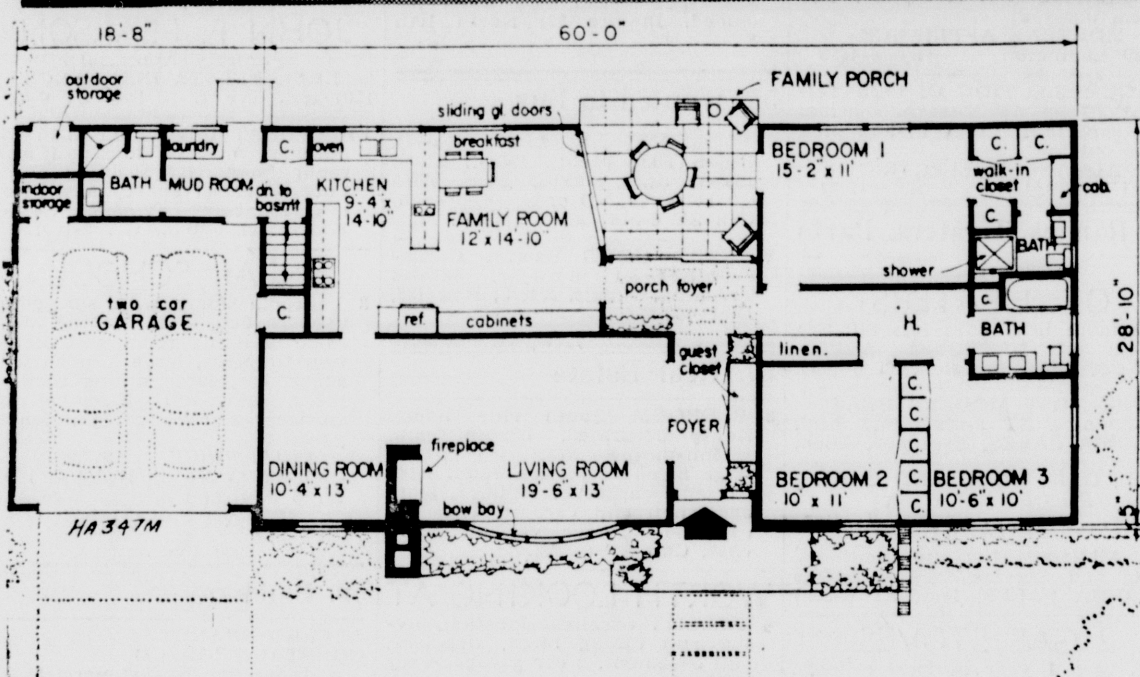

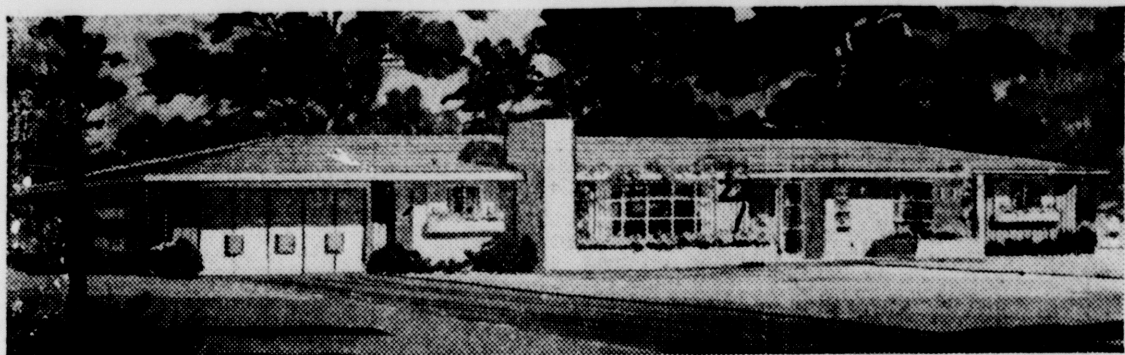

"Our deer herd is as healthy today as ever," said Trainer who checks blood samples on about a thousand animals every year as part of his job in veterinary science. Thompson, a specialist in preventive medicine, added that deer hunters can continue to pursue their sport with the same confidence as ever before.

Thompson and Trainer said:

1. Deer are not known to directly transmit California encephalitis. It is spread by mosquitoes and other insects.
2. No sick deer have been discovered. Blood tests showed only antibodies indicating the animals had once been exposed and had recovered. Similar findings have been made in numerous other states.
3. California encephalitis is not the same virus as the St. Louis encephalitis which recently panicked Texans. The St. Louis virus has not been found in Wisconsin deer.
4. The disease is not known to be transmitted during deer season since cold temperatures have eliminated insect activity.
5. Wisconsin deer are not considered to be reservoirs of California encephalitis and are not blamed for its spread. Work in other states has so far pointed the finger of suspicion at snowshoe hare, ground squirrels, and some other small mammals but here again, transmittal is known to occur only when temperatures are warm and insects active.
6. There is no known case of a hunter catching the disease by cleaning or eating a deer.
7. Evidence of the California encephalitis in Wisconsin deer merely adds to our knowledge. It has probably existed for many years, but was not found until now because new testing techniques made it possible. There is no more danger in hunting deer today than there was last year or for the past 20 years.

The British patriotic holiday, Empire Day, is celebrated on May 24, anniversary of Queen Victoria's birthday.

## HOMES FOR AMERICANS

A FORWARD PROJECTED CHIMNEY is the exterior design feature of Homes for Americans Plan HA347M. The bedroom unit and the living and service wing are separated by a buffer zone consisting of the front foyer, the 35-square foot porch foyer and the family porch. The garage boasts both indoor and outdoor storage closets. A stairway leading directly from the mud room to the basement avoids the inconvenience of servicemen having to go through the kitchen. The house is 1,711 square feet excluding the garage wing and porch. Architect is Rudolph A. Matern, 90-04 161st St., Jamaica, N.Y.

## Doing Entire Room Best Bet

AP Newsfeature

As we sit on our wish brooms waiting for some great genie to turn our homes into glorious edifices such as those pictured in books and articles, we might face one important fact: These beautiful pictures may have taken an awful lot of effort from a great many people.

You can't put a beautiful home together over night.

For one thing, a remodeled room from planning stage to published color photos may have taken a year or much longer. That's why our amateur efforts do not seem to scratch the decorating surface.

It takes more than one pick-up — paint, slipcovers, draperies, rug, accessories usually to do the trick. To get a new look, you must contemplate the project on an over-all basis. It may be far better to wait until you can afford to do an entire room than to do a little at a time unless you are an expert at decorating — or keep the same basic color scheme.

It is not like remodeling structurally. That can be done piecemeal to last.

There are fashions in decorating. And if you decide to paint this year and slipcover next year, perhaps nothing will come out even. A properly coordinated room will last for many years because the patterns will fall in place and mellow together.

There is a lot of waste motion in piecemeal decorating. And it can be more expensive than doing the room over completely. A good decorating plan should last five years.

You might brighten the walls with paint or decide you'd rather have paper another year, but the basic color scheme will be followed.

Many stores have free decorating services so that you can get complete advice in coordinating colors, fabrics, paint, papers. Tell them your favorite colors, whether you like color in large or small globs and they will make suggestions on how you can best put your own preferences into the home. Some decorators take color accents from dramatic paintings, in fact, build a whole room around a great painting, particularly modern art.

A contemporary room often is done as simply as this: White walls are used as the background for modern art that is often strong in colors. Then those colors are used in furnishings and accessories. Often the paintings may be the only real color in a room, with black, white or neutral shades going into upholstered pieces.

Traditional homes may use color schemes from the period of the furniture. Or if the furniture is mixed traditional, requiring soft colors like the Louis style or gay colors to perk up Victorian styles, these may all be noted by decorators to make the job of redecorating easier for the amateur.

Some people never change a good color scheme once it is evolved. They may change fabrics, but they always keep the same range of colors.

It can't be said too often that an interior decorator is well worth the small investment required to do the job when you can afford to redo an entire room. And you'll be set for a long while, if you pick a good decorator.

### Cornell

Baby Shower

Mrs. Robert Dahl was guest of honor at a pink and blue shower held at Cornell Town Hall, which was decorated in the color theme of the party. Games were played with prizes awarded to Mesdames Grey Knaus, Leonard Nelson, Don Plourde and Andrew Johnson. Lunch was served from a buffet table centered with a large white stork and blue tapers. Party arrangements were made by Mesdames Howard Schire, Morton Schire, Bob Thompson, Dick Jungles, Grey Knaus, Harold Woodard, Bill Woodard and Ray Schultz.

Farm Bureau

Boney Falls Farm Bureau met at the William Woodard home Tuesday evening. Morton Schire led the discussion on the political trend of farm programs in the future and the future outlook for favorable conditions in farming. Lunch was served. The next meeting will be at the Harold Woodard home.

### Home Workshop

IF YOU MAKE A CORNICE your curtaining problem is half solved. If you make a scalloped plywood frame as shown here, it is entirely solved. Pattern 207 gives actual-size guides for many designs that may be combined in different ways and includes installing directions. Price 35c. This pattern is also one of four in the Decorator Projects Packet No. 50 for \$1.

### Top Executives For Goldwater

DETROIT (AP) — Thirty-five top-level Michigan industrial and business executives have endorsed Republican presidential candidate Barry Goldwater, Michigan Citizens for Goldwater-Miller announced today.

The formation of a Michigan Committee of Industrialists and Businessmen for Goldwater-Miller was a direct reaction to endorsement of President Johnson by Henry Ford II, Ford Motor Co. president, and other industrialists, said Ty Gillespie, Michigan director for the Goldwater organization.

Included in the list were:

Ernest Breech, former president of Ford and a member of the board; John Bugas, Ford vice president; Irving Duffy, Ford vice president; Donald Kiger, president of the Detroit Edison Co.; Charles Mott, of the Mott Foundation and a General Motors Corp. director; S.S. Kresge, founder of the variety store chain and of the Kresge Foundation; James Boyd, president of Copper Range Co., Houghton;

Maurice Stubnitz, board chairman of the Stubnitz-Greene Corp.; Adrian; former postmaster general Arthur Summerfield of Flint, head of the Goldwater Michigan fund raising organization; William Laurie Jr., executive vice president of the J. Walter Thompson advertising agency, Detroit; Ormand Hunt, a General Motors director;

H. Randall Wickes, president of Wickes Corp., Saginaw; Thomas H. Pearce, president of National Standard Co., Niles; Arthur Schupp, president of Saginaw Foundries Co., Saginaw; Walter F. Patenge, president of Wohler Corp., Lansing; Brouwer D. McIntyre, chairman of the McInroe Auto Equipment Co., Monroe.

### Frost Brings Peril With Sudan Grass

Many farmers have been asking about the use of Sudan and similar crops after frost. Both sudan grass and Sudan are safe for pasture and silage — provided that the grass is at least 18 inches high.

"If grasses are shorter, there is always the danger of prussic acid poison which can kill dairy cows," says J. L. Heirman, Delta County Extension director.

### THE LITTLE WOMAN

"I still say all these locks are silly . . . if a burglar wants to get in, he's going to get in!"

WHAT DOES IT TAKE TO HAVE  
AN ANNIVERSARY SALE?

Now that our 76th Anniversary Sale is ready to go, we can say this—It takes the combined efforts of our buying offices in New York, Chicago, St. Louis, Miami, Dallas, Los Angeles, San Francisco—even Rome, Italy—and this year we've added Hong Kong! This represents about 300 specialists in merchandising, buying, advertising, etc. It takes their combined knowledge and experience plus our own department buyers and personnel. This sale began way back in April, and what busy months they've been! Now we're ready! The initial advertising will appear tomorrow and will continue to the sale's conclusion, Saturday, October 31. Read the Press—Listen to WDBC—for the most outstanding merchandise—at the lowest prices of the year! Be here Wednesday morning at 9:30 a. m.—See for yourself what it takes to have a truly great Anniversary Sale . . . at the FAIR STORE . . . established 76 years ago, in 1888 by HERMAN GESSNER . . . whose policies made the FAIR STORE "The Shopping Center of the Upper Peninsula"—The same outstanding business policies are still maintained—a tribute to Mr. Gessner's memory!

THIS IS THE GREATEST!

Our

## 76th ANNIVERSARY
